

Rainfall on the official rain gauge here showed a total of .10 inches of rainfall Monday night. It was the first shower of the month and the occasion more or less ushered in the official beginning of spring.

The moisture is enough to help settle the dust for a little while. If additional rain falls which the weather man has predicted as possible, there will soon be a flourishing crop of wheat growing about us. According to the weather report, temperatures are to remain mild for the next few days.

Although the rain was not heavy, there was enough to show up on the radar scope of the Amarillo weather station. The report stated that the rain showed up in all directions within a radius of approximately 20 miles. The rain went farther out than that but was not heavy enough to show up on the radar screen beyond the 20 mile radius. Rains were triggered by a cold front passing through Amarillo early Monday morning.

## Emergency Feed Program To End

The Randall County Emergency Drought Feed Commission has just received a telegram from Washington through the State committee chairman saying that all emergency feed supplies will be ended April 15. This includes the corn, mixed feeds and wheat that Randall county livestock owners have been using for several months to maintain their herds.

The commission received instructions to take no further applications after March 22 and also to approve no applications for feed beyond the April 15th deadline. The telegram indicated that there may be parts of the state in serious drought conditions in which the deadline for feed applications will be extended. "As yet those areas have not been located," explained County Agent John Brazzil.

## Stamp Dealer in High Praise of The Newspapers

An interesting sidelight on newspaper advertising was told The Newsman the other day by a merchant of Canyon, who believes in newspaper advertising and uses it week after week. He gets results from his advertising in The News. He related that he had taken a trip recently with a big operator in stamps. The question of advertising was raised during the trip. This man was quoted as saying that stamps, his brand naturally, was the best form of advertising, although expensive.

He stated that when it came to results, the newspaper was the cheapest and most forceful means of advertising.

This Canyon merchant related the stand of the big stamp operator, who has years of experience in all forms of advertising.

## Lockhart Trophy Shown in Window

The Wm. E. Lockhart trophy for Company F National Guard is being displayed to the public in the window of Roy Cheatham Clothing store. The trophy itself is one which is kept at the National Guard armory with the name of the outstanding soldier of the year engraved on it. The soldier who wins it receives a small individual trophy to keep for himself. The gold plate on the trophy has space for ten names with only one name appearing on it at this time. Captain Mabry Vandergriff, commander of Company F National Guard, said the winner of the trophy was selected each summer when the company goes to camp. However, the winner's name is not revealed until the company has its annual Christmas party.

## Students Start Clothing Drive

The student body of West Texas State is carrying on a clothing drive for the needy in Korea. The drive is scheduled to end Monday and anyone caring to contribute clothing may do so by telephoning the student union building between 2 and 6 p. m. Clothes may also be left at the student union.

Mr. and Mrs. John W. Wilson of Arlington visited in the parental P. W. Wilson home last week. Johnie entered the Veterans hospital at McKinney this week for an indefinite period.

Mr. and Mrs. Clarence Winkelman, who are enroute to their home in Jefferson, Iowa, from California, where they spent the winter, visited this week with their cousins, Mrs. Clyde W. Warwick and Ben Winkelman, in Amarillo.

Mr. and Mrs. David Boston and twin daughters of Hayward, Calif., visited Monday and Tuesday in the W. G. and Murray Boston homes.

Fifty-Eighth Year

Canyon, Texas Wednesday, March 24, 1954

Number 50

## Moore Funeral Is Held Sunday

Funeral services were conducted Sunday afternoon at 2:30 o'clock at the Griggs-Warren Chapel for Thomas Martin Moore, Mr. Moore, 72-year-old farmer, died in Neblett Hospital Saturday morning at 1:55 after a brief illness in which he suffered from a heart attack.

Moore came to Swisher County in 1892 and had lived in the Panhandle ever since that time. He is survived by his wife, Minnie Moore; two daughters, Mrs. Billy Brown and Mrs. A. B. Haynes, Jr., of Canyon; one son, J. V. Canyon; two brothers, J. E. of Lockney and C. R. of Medina; two sisters, Mrs. Sally Stoval, Tyler and Mrs. T. J. Rigdon, Lockney; and four grandchildren.

Rev. Strauss Atkinson, pastor of the First Baptist Church, officiated at the funeral services, assisted by Rev. T. Winston Wilbanks, pastor of the First Presbyterian Church. Pall bearers were Erwin Meyer, M. B. Brown, Morris Abbott, J. W. Spencer, Frank Brown, and J. W. Damron. Interment was at Dreamland Cemetery.

## Time Running Out For Car Inspection

Some three-quarters of a million Texas motorists who are driving about the streets and highways of the State today had better take a close look at their calendars.

That's the number who have, as yet, failed to submit their autos for the annual safety inspection and there's but one remaining month to attend to it.

Homer Garrison, Jr., director of the Texas Department of Public Safety, said today in Austin that a "log jam" of vehicles at the inspection stations can still be averted unless a majority of the owners of the uninspected vehicles all decide to wait until the deadline before attempting to meet the provisions of the modified inspection law which was enacted by the last Legislature.

"There is no apparent possibility of an extension beyond the April 15th deadline, the safety director stated, 'but long waiting lines will not be encountered if the owners of cars which have not yet been inspected will visit their inspection stations right away and not put it off until the last minute.'"

George Busby, chief of the DPS Motor Vehicle Inspection Division, announced that 3,900 inspection stations are now in operation and 150,000 cars weekly with none of that they are inspecting about their reaching anywhere near a capacity "saturation point."

Garrison repeated the warning that operators of cars which do not bear an approved inspection sticker on April 16th and thereafter will be cited into court.

## Hospital News

Births

A daughter was born to Mr. and Mrs. Joe Martinez on March 18.

Mr. and Mrs. Ronald E. Babione, Hereford, are the parents of a son, born March 19.

A son was born to Mr. and Mrs. Donald R. Davis, Vega, on March 19.

A daughter was born to Mr. and Mrs. Laverne Schenk on March 21.

Mr. and Mrs. D. F. Cornelius are the parents of a daughter, born March 21.

RETURN FROM OKINAWA

Mr. and Mrs. R. W. Woolsey and son, Michael, of Corpus Christi are visiting in the home of her parents, the R. L. Grigsbys.

The Woolseys have just returned from Okinawa where Mrs. Woolsey and Michael had joined him a year ago. He had spent one year and 18 months on Okinawa before she and Michael were able to join him.

Mrs. Woolsey will be remembered as Anne Beth Grigsby.

Mrs. Worth Jennings and daughter, Kay, left Sunday for Phoenix, Ariz., to visit Mr. and Mrs. Bill Eikner.

## Farm Bureau Protests Bill

Opposition to Governor Shivers' plan for raising revenue for a teacher's pay raise was voiced in a telegram sent by the Randall County Farm Bureau to Senator Grady Hazlewood and Representative Morris Cobb, according to G. A. Dietz, president of the county farm organization.

The farm organization recognizes the serious shortage of teachers in Texas and, at its last annual state convention, recommended that legislation be enacted to provide necessary funds to attract and hold more qualified teachers.

The Farm Bureau opposes the Governor's special committee's compromise plan which would allow the Legislature to increase ad valorem taxes on land and property with the people in the local school districts having no voice in the matter.

Under the provisions of the compromise worked out by the special committee, the districts would contribute 20 percent of the cost of the public school program and the state would pay the other 80 percent.

This is contrary to the principles of the Gilmer-Aikin law which specifies that the districts contribute, according to their ability, a flat \$45 million annually. The Farm Bureau feels that the 20-80 proposals would discriminate against the local school districts.

The districts have only one source of revenue—an ad valorem tax on land and property, while the state has a great number of sources, especially in the field of natural resources. The Farm Bureau favors a tax on natural resources if additional state funds are needed for any purpose.

Natural gas, for example, pays less than 2 percent of its retail value in taxes. Gasoline, on the other hand, is taxed at approximately 30 percent of its retail value. Farm Bureau feels that the people of Texas should derive some benefits from the state's resources. A little more than half of the natural gas produced in Texas leaves the state with a very small tax on it. Some other states derive more tax revenue from Texas natural gas than does Texas.

Three years ago the Texas Farm Bureau was primarily responsible for the passage of the gathering tax on natural gas. This tax bill, which placed a tax on natural gas going into interstate commerce, was recently declared unconstitutional by the U. S. Supreme Court.

## VFW Post Plans ROTC Award

A trophy to be presented annually to the outstanding student in the first year military science and tactics class at West Texas State College will be given by the Lucius Penick Post No. 5681, Veterans of Foreign Wars, of Canyon, according to Johnnie McBroom, commander.

The award, to be called "Martin Allen Dickinson Award" by the post, will be given each year to the student selected by the Department of military science and tactics at WT. Selection of the ROTC cadet will be based on academic record in military science, leadership, citizenship, demonstrated military abilities and participation in ROTC activities.

McBroom said the Dickinson trophy would remain at ROTC headquarters, and that a miniature trophy would be given to the individual. John Hunter and Calvin Stephens were appointed to a committee to select the trophy.

## Red Cross Drive Has Slowed Down

Several officials connected with the Red Cross drive are expressing concern about the drive bogging down with so little funds collected. The goal for the county is \$3,300 according to drive chairman Truitt McGregor.

To date, less than \$1,200 has been collected. In some areas of the county there are no workers to canvass the houses. A spokesman for the Red Cross said that in most places the drive just wasn't taking hold.

The money going into the Red Cross is needed for needy persons here at home and is also used to help transients who are in need of medical aid or food. Your donation may be left at the bank or City Hall, or you may turn it in directly to Truitt McGregor, chairman of the drive.

Miss Lorena Piper, Mr. and Mrs. W. W. Clouch, Mrs. R. M. Rush and Mrs. Jessie Rusk returned home Sunday after having spent several days in Hico with their brother, Bloof Roberson, who had been seriously ill.

## Victim of Fire Is New Mother

A baby girl was born Sunday morning to Mrs. LaVerne Schenk in Neblett Hospital about 1:30. Mrs. Schenk was burned Friday in a fire of mysterious origin in a small house on the Bill Bauer farm about four miles west of Umbarger. The fire damage was appraised at \$800.

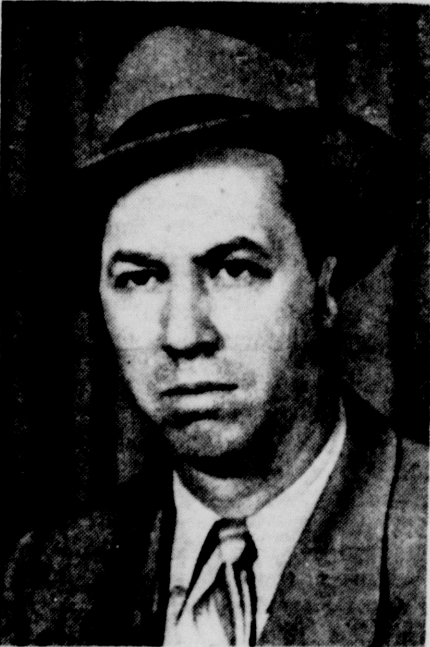

Both Mrs. Schenk and the baby are doing fine, hospital attendants report. The baby was reported in excellent condition and unaffected by the burns received by Mrs. Schenk.

The fire in which Mrs. Schenk received the burns occurred Friday afternoon about 2:45 o'clock. As far as can be determined the fire broke out in the south end of the small house the Schenks occupy on the Bill Bauer farm.

Mrs. Schenk was critically burned in the fire and was brought to Neblett Hospital as quickly as possible and given a blood transfusion. Mrs. Schenk, 21-years-old, is the mother of two little boys. One of the boys was playing in the yard at the time of the fire. The other is believed to have been rescued from the burning house by a neighbor woman.

Canyon Fire Department was called. Three trucks went out but found that the blaze was already extinguished by small fire extinguishers on the walls. The heat had melted and released the extinguishing fluid inside.

## Bob Collinsworth Campaigns For City Commission

BOB COLLINSWORTH

I have been asked by several of my friends to place my name in the race for City Commissioner.

I am, therefore, announcing my candidacy for this office. I feel that my past business experience will help me to be of service to you taxpayers of Canyon.

I would like to contact each one of you personally but as this will be impossible in so short a time, I am therefore taking this method of soliciting your vote and will appreciate your support in the city election to be held April 6.

## Mrs. Wester Returns From Convention

Mrs. W. I. (Myrtle) Wester returned Wednesday afternoon from San Antonio where she represented the Canyon City Rebekah Lodge No. 350 at the 114th annual convention of the Grand Lodge of the Independent Order of Odd Fellows and the 60th annual convention of the Rebekah Assembly which met from March 13-16. Approximately 3,000 delegates represented the 70,000 members of the two organizations.

Mrs. Wester accompanied Mrs. Maxie Pamplin, Mrs. Joe Woodard and Mrs. Eula Schuette of Amarillo.

Mrs. Wester will give her complete report to the Lodge this afternoon at 3 o'clock in the basement of the Methodist Church.

She said, "This is my fourth time to be sent as representative and no one other has been so well managed or more beautifully displayed or so reverent as this one under the state president, Mrs. Georgia Ford, of Amarillo, formerly of Canyon City Rebekah Lodge."

She also reported that she and Mrs. Isabelle Dickinson received their certificates of perfection on the unwritten work in the Lodge from a deputy in an Amarillo Lodge.

Mr. and Mrs. W. H. Wilson and children of Fritch visited with their parents, Mr. and Mrs. P. M. Wilson, Monday.

Mrs. Levi Cole accompanied her brother-in-law, Paul Lentner, to Roswell, N. M., Wednesday evening to spend Thursday with her sister and family.

MARRIAGE LICENSE: James Evetts Haley, Jr., to Frances Pauline Shaller, March 18.

## Humble's Top Executives Visit Station Site Here

Top executives of Humble Oil & Refining Company visited Canyon yesterday to inspect the site of Humble's first service station to be built here. Officials said they believed that actual construction on the new station would begin about April 15.

Don Cloward, who is currently operating a cafe at this spot, will move into the Weaver building across the street from the West Texas State Fieldhouse. Mr. Cloward states he will be in business by April 15 in the north half of the Weaver building. His new cafe will have a private dining room which will take care of approximately 60 persons.

The new Humble station will be located at the corner where Don's Cafe is located. This building will be torn down to make way for the new station. Date of completion for the station has not been announced.

Construction of this station and four others in Amarillo marks the beginning of Humble's first marketing operations anywhere on the High Plains.

Included in the group visiting here yesterday were Frank A. Watts, sales manager; Roy M. Stephens, assistant sales manager; and J. E. Niland, chief sales engineer, all of Humble's home office in Houston. Other Humble executives who visited were Roy T. Holmes, West Texas division manager and Gene Penderly, assistant division manager, both of Abilene; Zolus Motley, district manager, of Midland; and Jim Montgomery, local manager of Amarillo and Macon Freeman of the advertising department.

## Italian Students Visit Museum

On Thursday a group of ten Italian airmen who are at Amarillo Air Base Jet School for special training visited the West Texas State Museum and then continued to visit Palo Duro Canyon.

Mrs. Johnnie McBride, a native born Italian, visited with the group while they were at the museum.

Although none of the men were from Mrs. McBride's home city, they were from various cities in which she had visited. The men speak no English and are accompanied by an interpreter. It was a pleasant surprise to them to meet with someone here who not only spoke their language but knew well their country. With the exception of one, they are all married and have families in Italy. Some of them have been in Amarillo since September. They will leave for home in July.

They flew from Rome to New York and came via train from New York to Amarillo. All that distance in one nation was a surprise to them. It would please them very much if they could see still more of America.

Of course these last few weeks of "Golden Spread" weather has been quite an experience for them.

Other than being homesick for their families, they are altogether delighted with America.

## Civil Defense Unit Meets Monday

Twelve members of the local Civil Defense organization were present for a meeting Monday night at the fire station. Bill Sternberg, director of the organization, explained that the present need of the group is to get speakers before all the local clubs and high school.

The tornado alert this year is to be 12 blasts on the fire siren. The all-clear sound is to be one long blast on the siren. The alert and all-clear will be sounded from the sheriff's office.

Dr. Nester explained places to be used in the event a tornado hits. The high school and college buildings will be used as emergency hospitals for the extremities of town and Neblett Hospital and Dr. Jarrett's Clinic will be used here in town.

Plans were made Monday night for the distribution of equipment belonging to the fire department in the event of a tornado. The pick-up truck at the fire department is to be used as an emergency vehicle.

Paul Lindsey, one of the officials of the defense organization, said that he had talked with people who own panel trucks and plans were being made to use such trucks as emergency ambulances in the case of a tornado.

Mr. and Mrs. Ira Brown of Dimmitt spent Sunday with Mrs. B. C. Taylor, Sr.

# Court Sets Date For Expressway Election

At the regular meeting of the Randall County Commissioners Court Monday a resolution was passed to hold the Expressway bond election about the same time Amarillo does, during the week of May 10. The bond issue will be for the provision of funds to provide right-of-way for the Amarillo - Canyon Expressway.

At the meeting of the Randall County Commissioners Court Tuesday the court entered into a contract with the Columbian Securities Corporation of Texas, San Antonio, and First Southwest of Dallas and Plainview, bonding companies, to handle details of the coming bond issue election in the amount of \$750,000 with \$500,000 being issued immediately after the election if it carries.

Said contract provides that the above named companies will purchase the bonds at a 2.04807 percent average interest rate. The bonds mature over a period of 15 years and payment being optional after 10 years from the date.

There was an 80-day time limit set to enable time for holding an election. The contract is dependent upon both the bond elections of the City of Amarillo and Randall County being approved by the voters.

In the event the election fails to carry the county has incurred no expense. Several bonding companies had representatives present bidding for Randall county's bonds. This contract was let at this time to enable Randall County to take advantage of the present bond market which is very favorable.

## Mother of Mrs. Ray Cole Dies in Dallas

Mrs. Ida Belle Wallace, mother of Mrs. Ray Cole, died Sunday, March 14, in Medical Arts Hospital in Dallas where she had been for several days.

Mrs. Wallace, who was 77 years old in February, had suffered a heart attack 14 years ago and had had recurrent attacks since that time. On Sunday she appeared to be somewhat better. She had been allowed to sit up a few minutes on Saturday and was being assisted by a nurse and her daughter, Mrs. Cole, in preparation for another few minutes in her chair when she suffered a fatal stroke.

Funeral services were held on Tuesday, March 16.

Mr. Cole and their son, David, joined Mrs. Cole in Dallas for the funeral.

## King Indicted On Charge of Theft Over \$50

John C. King, former chief of police, was indicted Saturday morning by a Randall County grand jury on a charge of theft over \$50. Sheriff L. S. Johnston said King was under arrest in Phoenix, Ariz., and had refused voluntary extradition.

Johnston said proper papers for legal extradition of King had been sent to Austin. Although a hearing date has been set for King on April 19 in Arizona, Johnston said if the extradition papers were served before that time King would be brought back here to face this charge.

The grand jury was in session about one hour and a half Saturday and the indictment against King was the only one returned. According to the report given Sheriff Johnston King got paint from Hancock Hardware Company, 601 36th Street, Amarillo, February 26 promising to pay for it the following day. He didn't come in the next day but an investigation showed that he was painting a house at the address given. Then weeks passed and the paint was still not paid for and Hancock notified Sheriff Johnston who started an investigation.

As far as Sheriff Johnston's investigation could determine, King had sold the paint that was not used on the doctor's house. The indictment reads that King appropriated the value of the paint for his personal use thereby depriving the rightful owner of this value.

## Presbyterial Has Luncheon at WT

Thursday 102 women from the Amarillo Presbyterial met for a luncheon and speech by Dr. Louis H. Evans in the Blue Room of the West Texas State College cafeteria. Mrs. Lee Foster, president of the Amarillo Presbyterial, said the group represented Amarillo, Memphis, Dumas, Littlefield, Hereford, Pampa, White Deer, Plainview, Tulia, and Canyon.

Dr. Evans, Willson Lecture series speaker, addressed the group and an executive board meeting followed the luncheon in Fellowship Hall of the First Presbyterian Church.

Rev. and Mrs. Strauss Atkinson, Katie Furlow, and Mrs. Burney Slack left Monday with Mrs. Walter Graham to attend the Baptist Sunday School convention in Abilene.

Harold Slack, who is attending Baylor University at Waco, spent the weekend with his parents, Mr. and Mrs. Burney Slack.

Mrs. Emma Frank returned home Tuesday after visiting a month in San Diego, Calif., and Tucson, Ariz., with relatives and friends.

Miss Billie Graham was in Waco last week to complete enrollment in Baylor University for next fall semester.

## Water District Is Seeking More Well Information

High Plains Water Conservation District has placed in the office of the Randall county agent a water level and electric water level tester to be used by owners of irrigation wells in Randall county. John Brazzil, Randall county agent, said the tester is equipped with 350 feet of insulated cable with an electrode, batteries and indicator.

Purpose of the district is to secure information on a large number of irrigation wells before the season of heavy use begins this spring. Then by measuring the water level on the same scale during the heavy pumping season this summer, the water level in the underground reservoir can be checked.

The measuring of the static water level and of the drawdown is information that every well owner should have. This instrument now placed at their disposal is being kept by the county agent and can be borrowed for a short time by any well owner in Randall county who will agree to submit a copy of his well report to the district. Also the water committee is making an effort to find all the open and uncovered wells in the county that may be an accident hazard.

They hope to prevent the loss of life of some small child as has happened in other places recently. The district has left a report form in the county agent's office for reporting these open or uncovered wells. They hope to work with land owners and remove these accident hazards before a Randall County child loses his life in one of these open wells.

## PHSPA Convention Slated Friday at WT

Program for the 20th annual Panhandle High School Press Association convention, slated Friday at West Texas State College, has been completed. James Huffhines, White Deer student, is president of the association, and will preside at sessions.

Registration and a social hour open the day's events at 9 a. m. in the new Student Union building. A general business session starts at 10 o'clock in the Branding Iron Theatre, and WT President James P. Cornette will welcome delegates. Speaker will be Wes Izzard, editor and publisher of the Amarillo Daily News. A musical program will be given by Royal Brantley, pianist, and Miss Matilda Gaume, pianist, both members of the WT music faculty.

Following a luncheon, section meetings will occupy most of the afternoon. Amarillo High School Sandstorm staff members will conduct a section on editing and make-up of the printed paper. L. A. Vahue of Amarillo will demonstrate mimeographing, and annual layouts, photography, and art, will be discussed by Glenn Arden, Amarillo, and Norma Qualls, Pampa.

Canyon and White Deer students will discuss news writing and general columns; Johnie Rockwell, Pampa, will talk on advertising; and Walter Richter, Steck Company, Austin, will outline Year-book themes and organization.

Sports stories will be discussed by Sue Cooper and Bobby Porter, Dumas; and the sports column will be considered by R. J. Wooten and Barbara Sanders of Lefors. Daihart's Doyle Carson and James Enfield will talk on editorial writing; and a group from Tulia will discuss feature writing.

Mrs. W. W. McElmurray, Mrs. O. Kelly, Mr. and Mrs. John Hamner and Shelia are visiting in the homes of Sheriff and Mrs. L. S. Johnston and Mr. and Mrs. Lewell Johnston.

Mr. and Mrs. E. B. Shaver of Knox City are visiting in the Tommie Lair home.

## EDITORIAL COMMENTS

## Senator McCarthy Manages To Hold the Spotlight, Regardless

Senator Joe McCarthy persists in keeping in the national limelight!

To some folks he is a wart on the nose of time; to others a great patriot and a statesman.

To some he is trying to break the Republican party for his own good; and to others he is a fearless cuss who refuses to bow to the will of his party.

To some he thinks that he is running for President of the United States; to others, he is just another Senator who is attempting to do a good job, placing the good of the country above personal gains.

So far as we are concerned, McCarthy has no more chance of wrecking the Republican party than has any other man. We recall that just a few years ago the Democratic party thought it could never survive Huey Long—but the Democratic party was bigger than Long, and continues to operate at the same old stand.

Some of these days the Republicans will wake up to McCarthy and put him in his place.

The fight being made by McCarthy on the Army is silently cheered by a lot of fathers and mothers who have seen their sons drafted into the armed forces and subjected to somewhat brutal punishment for minor infractions of army rules, which many folks believe as useless.

Regardless of how the present row comes out, we are convinced that the present airing is a good thing for the country, regardless of how McCarthy fares in the dispute.

## Crime Against Great Democratic Party to Support Eisenhower

A Texas Senator surprised the State by tearing into Governor Shivers the first day of the special session on the grounds that Shivers was a Republican simply because he voted for Eisenhower for President of the United States. The so-called Senator says that he will run for Governor if no one else announces for the post.

That would make a race, indeed. In one corner you see the towering Allan Shivers who exerted his rights as a free American citizen and supported a Republican for President. Texas went for Eisenhower, and therefore Texas should be classed as a Republican state. But everyone with a thimbleful of sense knows that Texas Democrats voted for Eisenhower simply because they were sick of Harry S. Truman and gave him a swift kick in the pants when he took charge of Governor Stevenson's campaign.

Opposed to Shivers will be the peewee Senator from Texas who sees black and tan whenever any Texan utters a kind word for the President of the United States. He would kick out every person who did not vote the Democratic ticket straight.

You can guess how such a race will end—if and when the State Senator runs.

## George Is an Angel Thinks An Austin Lawyer—Maybe?

We have a letter from a lawyer in Austin, highly praising the life and work of George Parr. He is a perfect angel, just ready to sprout wings and take off to the etherial throne.

The writer of the letter praised the father of George Parr, who was the "father-confessor, counselor, advisor" to many people.

The letter said that 837 women assembled at San Diego, protesting the shame which had been thrown at their benefactor by the press of America. Each woman asked: "What can I do to help George Parr?"

As far as San Diego is concerned, we doubt if any person in Texas ever charged the good women of that community with any of the crimes or misdoing of George Parr. The fact that he has served a sentence in the federal prison for income tax evasion should be enough evidence that he is no angel.

The fact that the Texas Supreme Court kicked out of office, for the first time in history, a District Judge who was taking orders from Parr should be pretty good evidence against him.

## Texas Has Plenty of Money Now—Broke a Few Months Ago

When the Legislature was in session, both the Comptroller and Governor tore their hair and said that the lawmakers had spent all of the money in sight. There was no use in passing additional appropriation bills, since the Comptroller would not approve of such future expenditure.

The other day the Comptroller calmly announced that the State had \$11,000,000 which the legislature could appropriate! That is not chicken feed by any means.

We cannot imagine why any group of men would put the power of approval of all legislative appropriations in the hands of one man. It is the same old, old story. The comptroller always says the State is broke when special legislation demands money from the treasury.

Yet there is always plenty of money at the disposal of the lawmakers when the Governor wants more money! Funny system we have in Texas.

## 'Slave' Labor Is No Longer An Issue Against T-H Law

The standard charge made by union heads against the Taft-Hartley Act is that it is a "slave labor" law, designed to let employers mercilessly exploit workers.

A few facts should help clear the air. In 1947, when the law came into effect, average wages in manufacturing industry were \$1.23 an hour and \$49.97 a week. Some five years later they were \$1.77 an hour and \$71.69 a week.

Over a five year period, believe it or not, the majority of charges against unions under Taft-Hartley provisions were not brought by employers. Fifty-five per cent were brought by employees and other unions.

If Taft-Hartley has "enslaved" labor it's time we rewrite the dictionary definition of that word!

## Supreme Court Becomes Sane!

Tidelands oil belongs to the State of Texas under a ruling of the Supreme Court which upset the chances of any other state stealing that which belongs to Texas.

This is one of the sane decisions of the Supreme Court since the New Dealers took over the stand to rule with an iron hand.

## People Continue To Buy in Spite of Continued Drouth

We were handed a book to read the other day. "Why Do People Buy?"

The author of this book goes at the problem in a scientific manner.

The sales forces of America have become lazy. The sales people generally have become "order takers." They have not been alert to their advantages in showing a real stock of merchandise, and putting up a sales talk to the buyers.

The book goes on to show that wages are higher today than ever before, with more money at the disposal of the buyers. Moreover, buyers have more money in the banks than ever before; own more homes; better built and equipped homes than ever before. The buyers of today are not throwing away their cash, just for the sake of buying.

The same is true with advertising. The merchant or business man who places an advertisement in the newspaper, expecting it to sell all of his merchandise is facing disaster. Advertising will draw people but it will not sell merchandise unless the sales person wants to sell something that the public wants and is willing to spend a little time in showing what he has in stock. The fellow who places an ad and then refuses to continue his campaign is out of luck. The greatest magazine published in America will not accept a single shot ad, but contracts only for 13 ads, knowing good and well that the advertiser is wasting his money unless he keeps eternally at the job of advertising.

Right here in Canyon several merchants say that it does not pay to advertise. Of course it does not pay them to advertise, simply because they have never given advertising a fair and square trial.

Regardless of drouth, wind, dust, recession or depression, the wide-awake merchant is getting business through his advertising while the man who sits idly by and allows business to slip through his fingers says that the world has gone to the dogs, regardless of all there is to sell and all the people who want good merchandise.

## Cigarette Makers Throw a Fit by Charge of Cancer for Smokers

It was rather amusing to read all of the dope about cigarettes causing cancer. As a result of this unsubstantiated rumor it is reported that the sale of cigarettes fell off in every state in the union.

The tobacco men have been riding the gravy train so long that it was time that they received a real jolt, such as the cancer scare.

We have never had much faith in predestination, but when we see good men, who have never smoked; drank liquor; but have never worked long and hard, drop dead with heart disease; and in the same breath have seen men who have broken every law of nature continue to live in good health, we are pretty apt to think that there is something to this predestination business.

At any rate, this present scare of the chain smokers have caused the tobacco men to put on an intensive advertising campaign.

(We hope that the cigarette makers will see fit to buy some space in *The Canyon News* and other weekly newspapers, rather than confine their messages to the big daily newspapers).

## Taxes Should Not Be Lowered While Debt Remains So High

There will be a considerable slash in taxes in spite of the opposition to the plan of President Eisenhower.

So long as America owes about \$6,000 for every family in this nation, we join the President in declaring that taxes should not be reduced until this debt is paid off.

We have never held to the theory that it matters not how much we owe, as a nation, so long as we owe this debt to ourselves. We defy any person who holds government bonds to cheerfully burn these bonds, or throw them away, or otherwise destroy them. Every person who puts his money in these bonds expects the government to pay him interest and to repay the bonds when they mature. To repudiate this debt would be grossly unpopular as well as downright dishonest.

We know that the people expect a reduction in their tax bill, but the safe way is to pay off the debt before proposing a reduction in taxes.

## Don't Believe All That You Hear in These Party Fights

Governor Stevenson led off by soaking GOP on the chin.

Vice President Nixon replied, exchanging blows with the Democratic candidate of 1952.

Lesser lights in the two parties are all set to exchange blows.

Don't believe all that you hear or read that the opposing sides have to say. Just listen and read carefully, and when election time comes around, vote as you please.

## Dust! Dust!! No Joke!!!

The prevailing dust storms have been rough on the housewives, and no joke about this.

Even so, we are inclined to believe that the dust of 1954 does not compare with the dust storms of the 30's when the wind blew, first from the north; then the south; then the east and then the west.

Perhaps we shall not have to undergo these unpleasantnesses simply because homes are better built today than in the 30's, and folks have learned how to handle the dust problems.

At any rate, the dust storms are very, very unpleasant.

## Deadliest of Killers Is Highways

Every American was horrified at the ghastly death toll of the Korean War.

Yet last year alone accidental deaths accounted for three times as many victims as that war. Some 95,000 people died unnecessarily—traffic accidents being the Number 1 killer with 38,000—and 9,600,000 were injured. The economic cost to the nation is estimated at more than \$9,000,000,000.

The president of the National Safety Council made a memorable commentary: "We do not believe that any civilized nation can long endure this tragic and disgraceful waste of manpower and resources from accidents that are avoidable."

FRIENDSHIP

A true friend is the gift of God, and he only who made hearts can unite them. —Robert South

The firmest friendships have been formed in mutual adversity; as iron is most strongly united by the fiercest flame. —Caleb C. Colton

Friendship must be accompanied by virtue, and always lodged in great and generous minds. —Joseph Trapp

A man should keep his friendships in constant repair. —Samuel Johnson

When we are young, friends are, everything else, a matter of course. In the old days we know what it means to have them. —Edward Grieg

Herman L. Schibler, Indiana educator: "Only three-fourths of the country's youth of high school age are attending classes at the present time."

## RUPTURE-EASER

T. A. Black, Inc. 1513 Fourth Avenue, Canyon, Texas

Right or left side \$3.95 Double... 4.95 No Fitting Required

A strong, form-fitting washable support. Race lace adjustable. Snaps up in front. Adjustable leg straps. Soft, flat grain pad. No steel or leather bands. Unexcelled for comfort. Also used as after operation support. For men, women and children. Mail orders give measure around the lowest part of the abdomen and state right or left side or double.

CANYON DRUG

CITATION BY PUBLICATION THE STATE OF TEXAS

TO BESSIE SHANKS, Defendant.

YOU ARE HEREBY COMMANDED to appear before the Honorable

47th District Court of Randall County at the Courthouse thereof,

in Canyon, Texas, by filing a written answer at or before 10 o'clock

A. M. of the first Monday next after the expiration of forty-two days

from the date of the issuance of this citation, same being the 19th

day of April A. D. 1954, to Plaintiff's Petition filed in said court,

on the 18th day of February A. D. 1954, in this cause, numbered 2716

on the docket of said court and styled FRED SHANKS, Plaintiff,

vs. BESSIE SHANKS, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce because of cruel

treatment of defendant toward plaintiff; no property or children involved, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served with-in ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and seal of said court at Canyon, Texas, this 1st day of March A. D. 1954.

Attest: ETHEL MULLINS Clerk, District Court Randall County, Texas.

(SEAL)

## SAME OLD TALE

When an old South African native was told he had to be taxed because the government, like a father, protected him from enemies, cared for him when he was sick, fed him when he was hungry, gave him an education, and for these purposes needed money, the old native said:

"Yes, I understand. It is like this: I have a dog and the dog is hungry. He comes to me and begs food."

"I say to him: 'My dear faithful dog, I see you are very hungry. I am sorry for you. I shall give you meat.'"

"I then take a knife, cut off the dog's tail, give it to him, and say, 'Here, my faithful dog, be nourished by this nice piece of meat.'"

Three-year-old Susan had been tucked away in bed and the card party was progressing nicely below. Being a rotating whist party, the four men of the group had ended up at one table and the women at another. All eight of them were interrupted presently when they heard the patter of feet and saw little Susie, dragging her pajamas, march sternly into the living room as bare as the day she was born. Disregarding the women present, she stalked up to the four men and, thrusting the obviously wet pajamas on the table, said with all the indignance and gravity she could muster, "One of you left the seat up and I fell in!"

## KOREAN TOLL

With the more than 3,600 American soldiers and airmen missing in Korea for over a year now officially listed as dead, the toll of battle deaths in the Korean War has been raised to nearly 30,000. The Army, Navy, Air Force and Marine Corps still must make final disposition of over 3,800 cases of men now listed as missing-in-action. They will be so carried on the rolls until at least one year has passed without information that would indicate they may still be alive.

## POSTMEN'S AID

The Postoffice Department is said to be testing golfer's caddy carts as a means of taking some of the load off the postman's feet. The two-wheeled pushcart — almost identical with the golf-bag carrier — costs the Government \$28 and carries two loaded mailbags.

## ACCIDENT TOLL

1953 toll of accidents of all kinds took the lives of 95,000 persons, more than one-third of which were killed in motor vehicle accidents. Fatalities in home accidents numbered 28,000, a decline of 1,000 from 1952. Accidental deaths at work were unchanged at 18,000.

## QUIET

"Compared with other periods in history, the world today is quiet," writes an essayist. In fact you can almost hear a bomb drop.

Women traffic "cops" have proved highly efficient in parking and traffic-control situations, a survey of 20 cities has showed.

Revised editions of the Holy Bible, leather binding, \$10; cloth binding, \$6; at Warwicks. tf

## Dust Doesn't Stop 'No Soap Opera'

Though the wind blew and the dust flew, a small crowd braved the elements to attend the domestic laundry premier of the No Soap Opera held Saturday afternoon at 2:30 in the American Legion Hall. In the top photo visitors look around at the latest home laundry equipment on today's market. In the lower photo Jane Burt holds fluffy and Fern Brannen holds gentle, two towels that tell their own story concerning their cleansing without the use of soap in a modern electric washer. The premier was presented by the Southwestern Public Service Company and four Reddy Kilowatt dealers of Canyon: Thompson Hardware, Anderson Appliance, Western Auto Associate Store and Childers Electric Company.

## President and GOP Chief Have Different Ideas on '54 Campaign

By STANLEY JAMES

WASHINGTON: There is a growing belief among some Republicans and many Democrats that President Eisenhower and Republican party chief Leonard W. Hall have divergent views on the question of strategy to be used in the coming congressional elections.

The President has made it clear that extreme tactics by politicians are not to his liking. He is gen-

erally conceded to be referring to such GOP mischief as the inference that Democratic administrations are guilty of treason over the last 20 years. And he includes the current wave of alarmist cries, mainly from Democrats, that the country is heading down the road to a depression.

The President is convinced that past Democratic administrations were not treasonable (though pos-

sibly lax in security matters) and that the country is not doomed to suffer another depression. Yet these two themes seem to be dominating the lines of fire between speakers of the two parties.

What's more, Republican National Committee Chairman Leonard Hall seems to be giving top billing to extremist speakers rather than more moderate Republican leaders. In sending out GOP talkers for Lincoln Day dinners, the emphasis was on extreme partisans like Senators Joe McCarthy and William Jenner, of Wisconsin and Indiana, respectively.

Majority Leader William Knowland of California and Vice President Richard Nixon and other moderates, didn't get equal billing. While this could be termed coincidence, it nevertheless arouses suspicion. If this is the official policy to be followed by the GOP Democratic attacks will become increasingly bitter.

Democratic orators are sure to strike hard at the economy and depression theme in coming months with the claim that only the Democratic party can prevent economic hardship for the working classes. If no one — not even the President — can keep the two parties from engaging in this sort of campaign, it is likely that the 1954 congressional elections will be bitterly fought out and that extreme partisanship will come into wide play in the next eight months.

### NOT THAT

Wife — I have a surprise for you, dear: there soon will be another in our family.  
Hubby — my angel. Are you sure?

Wife — Yes. I just got a wire from mother that she's coming to live with us next week.

### SIGNS OF PROSPERITY

"So Blank is making lots of money?"  
"Must be; he's going to his old home town for a visit."

## England Threatened by Influx Of Cheap Cotton Japanese Goods

By HOWARD GOTTLIEB

MANCHESTER, England: The cry, cheap Japanese cotton goods has taken this manufacturing section by storm. The British Government this week signed a new trade agreement with Japan whereby inexpensive material will be allowed into the country at an extremely low rate of duty.

Already many here have painted a picture of men and women being thrown out of work, of thousands going on the dole, of long lines at the soup kitchens. . . . while in the next street, the chain stores do a rip-roaring business in the Japanese goods. While it is most unlikely that such a state of affairs will come about, it is unusual, to say the least, that the Government should choose the precise moment when conditions in the Lancashire area are not too good to make a deal that will only be aggravating to home industry.

The many manufacturers and mill hands I have spoken with in this "spinning belt" are expressing great concern. Japanese competition is something which not only appeals to feeling of national pride, but more important, brings back too many bitter memories of the inter-war years of depression and privation in the area. Lancashire has always been the economic pulse of the country and work stoppages, with the resulting consequences, have inevitably been felt in all sections of England.

The new agreement threatens the cotton industry in both the home and colonial markets. With the former huge outlet for British cotton goods in Asia dwindled to nothing, and with the once large Russian market very limited, cities such as Manchester had come to depend more and more on home consumption, and trade in the direction of the colonial possessions. But now the English producers cannot meet the low Japanese price since the conditions in both countries are too dissimilar as far as wages, hours, unions, and housing is concerned.

"We have been dealt a severe blow," one manufacturer told me.

"What do they expect us to do now? The Government should have consulted the industry before going ahead on their own—then we could have told them that we cannot compete."

Many others feel the same way. They are furious that Downing Street had not persuaded the Japanese to sell to China instead. "After all, that's why we recognize the Communists, isn't it?" they say. Yet the far-seeing ones realize that they must readjust themselves to something that has already been accomplished. Many suggestions already made seem good. There is a drive on to make better qualities and specialty goods in cotton, to reorganize the spinning and weaving concerns, to introduce more practical and modern methods in the industry. A half-hearted attempt has been made as well, to encourage other types of manufacturing to go into the Lancashire area to fill a possible economic vacuum if one should occur.

Critics of the Conservative's policy have been severe, and while the British press cries that there is no such thing as a cotton bloc in this country, as there is in the U.S.A., never has more pressure been exerted in Parliament on a policy already laid down. If this goes to prove anything it is that there is a definite lack of information and cooperation between London and Lancashire over matters which concern both industry and government.

West Germans appeal for a free, united country.

Nehru softens tone on U. S. aid to Pakistan.

## YOU NEED THIS Help for Your Cough

When colds, measles or flu leave you with a cough get Creomulsion quick because it soothes raw throat and chest membranes, loosens and helps expel germ phlegm, mildly relaxes systemic tension and aids nature fight the cause of irritation. ## Cash on the Barrelhead!

In pioneer America it took cash to close a business deal. An inconvenient way, of course, but it certainly was safe, for with families trekking from here to yonder credit was an almost impossible thing to check. But now, with our modern banking system, business deals are made easier and more convenient. A check is enough to close the biggest, or even the smallest of deals . . . and then act as legal proof of payment.

## Shaller-Haley Marriage Solemnized In Formal Church Service at Canadian

First Presbyterian Church in Canadian was the setting for the formal marriage rites of Frances Shaller to J. Evetts Haley, Jr., on the evening of March 20. The bride is the daughter of Mr. and Mrs. Jamison Shaller of Canadian and Mr. Haley is the son of Mr. and Mrs. J. Evetts Haley of Canyon.

Dr. Douglas E. Nelson of Pampa read the single-ring service at 5:30 o'clock. Bouquets of white gladioli, stock and chrysanthemums decorated the altar, which was banked with huckleberry and solal trees. The church was lighted by candles throughout and the bridal aisle was marked with white satin bows and clusters of flowers.

To introduce the ceremony, "I Love Thee" and "Ah, Sweet Mystery of Life" were played. The traditional wedding marches were used for the processional and recessional.

Mrs. Warren Fatheree of Pampa attended the bride as matron of honor. Bridesmaids were Miss Sydney Johnson of Dalhart, Miss Lura Elliston of Fort Worth, Miss Martha Wainwright of Houston, and Mrs. Jack Osborne of Amarillo.

They wore identical waltz length gowns of pink tulle with effective accents of satin braid on the strapless bodices, bouffant skirts and frothy styles. Their headresses were of American Beauty roses, and they carried crescent shaped bouquets of American Beauty roses.

Mr. Haley was his son's best man. Serving as ushers were John A. Haley, III, of Kermit, cousin of the bridegroom, Don Hammons and Berkeley SoRelle of Canyon, Joe B. Wells and James A. Whittemburg of Amarillo, and Hobart B. McMordie of Canadian.

Escorted to the altar and given in marriage by her father, the bride was attired in an original model gown of champagne taffeta. The rounded neckline was outlined with illusion and hand embroidered with pearls and rhinestones. Long sleeves tapered to petal points over her hands. The deep pleats of the skirt fell from the fitted bodice and the skirt terminated in a sweeping train.

Her cathedral length veil of Belgium princess lace was attached to a Juliet cap embroidered with pearls and rhinestones. Her only jewelry was a single strand of pearls, a gift from the bridegroom. She carried a bouquet of phalaex.

### 'PRAYER' IS STUDY TOPIC FOR JOYCE HILL CIRCLE MEETING

The Joyce Hill Circle of the Woman's Society of Christian Service met in the home of Mrs. Art Roberts with Mrs. E. C. Penick as co-hostess, March 16.

The theme of the program was "Prayer." The meeting started with the group singing "He Lives." Mrs. Jack Haley gave the meditation on "Prayer-Be Still and Know That I Am God."

Mrs. Tommie Lair was the leader of the program. Great Christian Beliefs were discussed in which Captain Eddie Rickenbacker was used as an example while he was on the ocean during world war.

Mrs. R. M. Sigan discussed the belief, "I Believe in God." Mrs. Bob Bellah discussed "I Believe in Jesus Christ," and Mrs. L. L. Hill closed the discussion on the belief, "I Believe in Man."

The program closed by all repeating "The Lord's Prayer." A report was made on "The World Day of Prayer" which was held earlier this month. For one of the meetings next month the group will go to Amarillo to the Wesley Center and take cooking utensils which are needed.

Mrs. Bob Bellah told of the junior department going to the Center for Sunday School recently and asking that the collection they gave go to buy toys which were needed.

Refreshments were served to the following: Mesdames K. E. Frieze, L. L. Hill, Clyde McElroy, R. D. Lowrey, A. W. Sternberg, T. V. Crounse, A. A. Douglas, E. C. Penick, R. M. Sigan, Bob Bellah, Jack Haley, Tommie Lair, Mutt Myers, Guy Harrison, H. C. Campfield, and the hostess.

### MRS. N. A. CROSON IS HOSTESS TO PRESBYTERIAN AUXILIARY

The Women's Auxiliary of the First Presbyterian Church met Tuesday in the home of Mrs. N. A. Croson.

Miss Darthula Walker, chairman, presided. Bible study was conducted by Mrs. Harvey Cash, social action study by Mrs. A. A. Clark.

At the social hour delicious refreshments were served to 12 members and one guest.

The April meeting will be with Mrs. Wilbanks.

The Central Home Demonstration Club will meet Friday, March 26, in the home of Mrs. Chas. Hutchinson, 804 8th St., with Mrs. Roland Hicks as hostess.

Mr. and Mrs. Earl Holden and Deloris King of Cactus spent the weekend with Mr. and Mrs. Jim Carter.

Mr. and Mrs. E. J. Larson and daughter, Thelma Lynne, are spending this week in San Antonio visiting with Mr. and Mrs. Larry Roush.

Mrs. Elwood Shero, Mrs. Archie Dean Davis, Mrs. John Hardaway, and Mrs. E. L. Hardaway attended the funeral of Mrs. R. C. Daffern in Plainview Monday afternoon.

## Fairview Breezes

Bro. Earl Landtroop delivered two excellent sermons for us Sunday.

Mr. and Mrs. Ervin Wilson and Glenda visited Tuesday evening in the paternal E. M. Wilson home. Mrs. Frank Rogers returned home from Fort Worth Wednesday.

Those playing "88" in the G. E. Wesley home Monday evening were Mr. and Mrs. Frank Rogers, Mr. and Mrs. J. W. Wesley, and Mrs. Deward Hext.

Mr. and Mrs. L. G. Airhart and daughters, Angela and Alicia, Mr. and Mrs. Clarence Zachery and boys, Richard and Johnny, called Sunday afternoon in the J. W. and Woodrow Wesley homes.

Mr. and Mrs. J. D. Prosser and boys, John David and Ronnie, visited Saturday night and Sunday in the G. E. Wesley home.

Our telephones are ringing and the Woodrow Wesleys are enjoying a new TV set.

The singing at Fairview Sunday was enjoyed by a fair crowd. Everyone had an enjoyable time.

Mrs. Ella Hext visited Tuesday with Mrs. Woodrow Wesley. E. E. Wesley spent last week in the paternal J. W. Wesley home installing an irrigation pump and helping paper the living room.

Mrs. E. E. Wesley and daughter, Sue, and Darla Ann Whitson came up from Littlefield Saturday morning and visited and helped with the papering.

Mrs. Richard Evans visited Sunday with Mrs. Serena Bryan and Tom Rogers.

Rhoda Williams visited Saturday night with Nan Earley Shipman. Graceine Devin visited Saturday night and Sunday with Patricia Patterson.

Miss Lavena Amerson was hostess to the home demonstration club Friday afternoon with 11 members present.

A few sprinkles fell last evening but not enough to do any good.

Mr. and Mrs. Richard Evans visited in Amarillo Monday of last week.

Bro. Earl Landtroop visited Sunday in the E. M. Wilson home.

The home demonstration club plans to quilt two quilts Wednesday, March 31. Everyone is urged to be there to help. We will work at the Community Building. The quilts are to be donated to the disaster victims when need arises.

Tom Rogers was sick with a severe cold Sunday. Mrs. Pauline Wesley is honoring Wesley Neil James with a shower Friday afternoon. He is the young son of Mr. and Mrs. Wyley James.

Mrs. Mary Hubbard has been sick with a cold.

### DEN 2 CUBS MEET MONDAY WITH MRS. LOYD CHILDERS

The Cub Scouts of Den 2, Pack 31, met in the home of Mrs. Loyd Childers on March 22. Before the meeting started all the boys enjoyed the contest of the standing broad jump. Baseball was played before refreshments of Cokes and candy were served by Mrs. Ralph Cabe.

After refreshments the Cubs sang songs for the Pack meeting and discussed the real meaning of the phrase, "To Obey the Law of the Pack." The meeting was closed with the Law and the Promise.

Present were James Boyd, Ralph Cabe, Richie Brotherton, Bob Childers, Bob Dreiss, Ronnie Harris, Marvin Hutton, Henry Meyer, Ronnie Shepard, Frankie O'Donald, and Den Chief Alan Hanks.

### CUB SCOUTS OF DEN 5 HOLD REGULAR MEETING TUESDAY

Den 5 held its regular den meeting on Tuesday, March 23. The meeting was opened with the den yell. The Cubs discussed the Pack meeting which will be Monday night, March 29, at 7:30 in the Presbyterian Church. The Cubs worked on their project they closed the meeting by repeating the pledge.

Refreshments were furnished by Mrs. Ham to Johnny Sikes, John Sims, Larry Moore, Tom Hicks, Robert and Jerry Ham, Preston Pritchard, Dick Campsey, Tommy Zachry, and Joe Carroll Robinson.

Mr. and Mrs. R. V. Dawdy spent Sunday in Dumas visiting with the Tommie Airhart family.

### MABLE TAYLOR HOSTESS TO EDGETOWN H. D. CLUB MEET

The Edgetown Home Demonstration Club met March 12th in the home of Mable Taylor. The opening exercises consisted of two games which everyone enjoyed.

Members answered roll call by colors they liked in their living room. Minutes were read and approved. The club discussed plans for a yearbook which should be ready by May. There was some discussion of money making projects for the club. Members were assigned their places to sell cake mix at the stores in Canyon for the "Good Neighbor" sale. Amendments were read and adopted, which concluded the business.

Miss Patterson gave a program on backgrounds for living rooms, showing rug samples. Contrast between rugs and drapes was discussed.

Refreshments were served to Florence Hacker, Margaret Harrison, Jennie Dora McAtee, Shirley Lehnick, Mary Jo Robinson, Jeanette Robbins, W. H. Sparks, C. H. Stratton, Joyce Taylor, Melba Fisher, Miss Patterson, and the hostess. The next meeting will be in the home of Mrs. C. H. Stratton, March 26.

Mrs. H. C. Long returned Friday night from Spears Chiropractic Hospital in Denver where she has been for the past three months. She reports that she has been greatly helped in a number of ways.

### THE STATE OF TEXAS COUNTY OF RANDALL TO: THOSE INDEBTED TO, OR HOLDING CLAIMS AGAINST THE ESTATE OF OLA WARD, DECEASED:

The undersigned having been appointed Administratrix of the Estate of Ola Ward, deceased, late of Randall County, Texas, by Roy Joe Stevens, Judge of the County Court of said County on the 8th day of March, 1954 in Cause No. 844, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to her at her residence situated at 501 Oatis Avenue, Dalhart, Texas, or to her attorney, F. H. Richards, 104 East Third, Dalhart, Texas, within the time prescribed by law this 23rd day of March, 1954.

DORA W. DAVIS  
Administratrix of the  
Estate of Ola Ward, deceased  
50tf

Mrs. Bertha Pond and Oleta of Borger were recent guests at the home of Mr. and Mrs. C. G. Pond and sons.

Mrs. L. H. Owens visited last week with her son and family. Mr. and Mrs. Charles Owens and Charles Vick Owens, in Wharton.

### CARD OF THANKS

I wish to take this opportunity to thank my many friends for the beautiful cards and letters sent to me and the many prayers offered for my return to health while I was in the hospital in Denver.  
Mrs. H. C. Long

We wish to take this opportunity to express our sincere appreciation for the many kind deeds, words of sympathy, and lovely flowers in expression of sympathy from our friends and neighbors at the loss of our loved one. May God's richest blessings dwell with each of you. Mrs. T. M. Moore and J. V. Mr. and Mrs. A. B. Haynes, Jr., and daughter, Mr. and Mrs. Billy Brown and children.

To our many friends and neighbors who were so kind with flowers, food, and other deeds of kindness to us at the loss of our loved one, we wish to express our deepest appreciation. May God in his wisdom bless each of you.  
Children of C. E. Williams.

We wish to take this opportunity to express our appreciation to all of the people of Umbarger who came out to help us during the fire at our house Friday. A special note of thanks also goes to the Canyon Fire Department for its prompt action in answering the call to the fire.  
The Bill Bauers and the La Verne Schenks

By VERN SANFORD  
Texas Press Association

AUSTIN: Top news out of Austin this week is the opening of the 30-day special session of the Legislature, which started Monday, March 15.

The last special session of the Texas Legislature was in 1950. It was called for 30 days, but lasted three months.

Four problems have been placed before the 1954 session by Governor Allan Shivers, along with his recommendations for raising taxes.

These were the tasks given the legislators:

1. To provide higher salaries for public school teachers.

2. To raise the pay of state employees.

3. To finance construction of needed new buildings at Southwestern Medical School, Dallas; the University of Texas Medical Branch, Houston, Texas; Texas School for the Deaf, Austin; and Eastham unit of the Texas Prison System.

4. To outlaw the Communist Party in Texas and provide for enforcement of this legislation.

Prior to making his tax recommendations, the governor talked with business leaders to get their views as to how the money should be raised.

#### CITATION BY PUBLICATION

THE STATE OF TEXAS  
TO: AGNES MARY HOLT Defendant, Greeting:

You are hereby commanded to appear before the Honorable 47th District Court of Randall County at the Court House thereof, in Canyon, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19th day of April A. D. 1954, then and there to answer Plaintiff's Petition filed in said Court, on the 4th day of March A. D. 1954, in this cause, numbered 2725 on the docket of said court and styled Orville J. Holt, Plaintiff, vs. Agnes Mary Holt, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce and for custody of the minor children of the parties, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Canyon, Texas, this 5th day of March A. D. 1954.

Attest: Ethel Mullins Clerk,  
47th District Court, Randall County, Texas.

By Sue Lambert Deputy  
(SEAL) 4814

## Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get sure but gentle relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. The extract of Senna in Dr. Caldwell's is one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's Money back if not satisfied. Mail bottle to Box 200, New York 18, N. Y.

A motor reword here has its full rated horsepower—the work is superlatively done by specialists and is wholly guaranteed. Regardless of type, size, make—we can service your electric motors perfectly, economically.

**Wirt Electric**

It is thought that \$30 to \$35 in new money will be needed to pay for higher salaries and building.

The money, Shivers said, should come from these sources:

1. A new and valid gas gathering tax, more or less like the one passed during the last regular session of the Legislature, and ruled unconstitutional by the U. S. Supreme Court. Shivers thinks the law can be rewritten so that it will be valid.

2. A tax on franchises paid by corporations, except for charters issued to religious, educational, and charitable groups.

3. An increase in the present state tax on beer.

Submitted to the governor by the Texas Industrial Commission were bills to make Communist Party membership a felony and set punishment of fines up to \$20,000 and imprisonment up to 20 years.

One of the bills would establish a state Loyalty Board of Review to investigate charges of subversive activities. Findings of the Board would be subject to appeal to the courts.

Penalties including death for Communist Party membership had been suggested by the governor, but the Board declined to go that far.

William J. Harris, president of the State Federation of Labor and a member of the Industrial Commission, expressed his opposition to one of the bills—that setting up the Loyalty Board.

"This proposed law," said Harris, "not only does not guarantee trial by jury; it leaves the way open for blackening the reputations and destroying the livelihood of loyal, law-abiding American citizens."

Another pre-session development was a conference between Shivers and House Speaker Reuben Senterfitt, who has differed with the governor over various aspects of the special session.

Notably, Senterfitt disagreed with Shivers' compromise plan for teacher pay and school financing.

Neither the governor nor the speaker would reveal to the press what was discussed.

Senterfitt has announced that he will be a candidate for governor this year. Shivers has not disclosed his plans—whether he will try for re-election, run for the U. S. Senate, or retire from public office.

District Judge J. Harris Gardner, speaking from his bench here, lashed out at the legislature on four counts. He found these flaws:

1. Juries in criminal cases have the responsibility of fixing punishment.

2. More stringent divorce laws are needed.

3. Funds are required for a workable adult probation system.

4. That provision should be removed from the statutes which makes "justifiable homicide" a defense in slayings committed by husbands in adultery cases.

There are some faults in Texas' insurance laws, says Garland Smith, chairman of the state's insurance commission, but he denies that the situation is as bad as it was described by Robert Gilmore, head of the National Association of Life Underwriters.

Gilmore, speaking at a meeting of his group in Knoxville, Tenn., said that Texas has the "worst insurance laws in the United States," and most of the companies writing health and accident policies with "tricky" provisions are "huddled in Texas."

While it is true that Texas laws do not specify the provisions of health and accident policies, the board has set up for those policies the same standards that are in effect in other states, Smith declared.

Duval County's strife continued as the United Mothers of that dukedom announced that they would visit Governor Shivers and "offer our services in the work that is being done to clean up our county government."

Mrs. Olive Trevino, chairman of the Duval women's group, said the main purpose of the organization is to assure the governor that "we are behind him in his efforts to help us."

Mrs. Trevino is a Benavides teacher and wife of an oil company employee. She said her group would ask the governor to leave the Rangers in Duval County.

Off again, on again was the old folks' march on the capital.

Russell Jack Ballard of Wichita Falls, self-appointed leader of the state's aged people, promised that swarms of the elderly would come here, camp on the capitol grounds, and ask for an increase in their assistance allotments and better treatment in state hospitals.

Ballard appointed Cyclone Davis of Dallas as leader of the opposition.

Davis, a perennial candidate for state office, filed with the Democratic Executive Committee for a place on the ballot as a candidate for governor.

He neglected to enclose his \$600 filing fee.

Elsewhere on the political front, State Representative Dudley T. Dougherty of Beeville, a rancher and oil man, scotched reports that he would withdraw as a candidate for the U. S. Senate, opposing Lyndon B. Johnson, incumbent

seeking another term. "There were 87 excellent reasons which prompted me on Feb. 7 to announce my candidacy for the United States Senate," Dougherty said, "and those 87 reasons, plus many more, will keep me in the race right down to the finish line."

Johnson won his office in 1948, getting 87 more votes than former Governor Coke R. Stevenson, who contended that he lost because of 200 votes illegally added to returns from Box 13 in Jim Wells County after the polls had closed.

Robert S. Calvert announced his candidacy for re-election as state comptroller of public accounts.

And C. T. Johnson, Austin businessman, the first candidate to file for a state office, actively campaigned as candidate for lieutenant governor by visiting 33 towns in Central Texas.

Johnson hammered at telephone rates as a major plank in his platform, saying that "most towns do not have the financial resources to match the battery of lawyers and accountants with which the telephone company launches its drive for rate increases."

Johnson proposes a gross income tax on telephone companies to help finance \$100 per month pensions for persons 65 or more years old.

Busy making speeches over the state and still being talked about as a potential, major candidate for governor is Ralph Yarborough, Austin attorney.

Liberal Young Democrats of Texas, pledged to support the National Democratic Party, will convene in San Antonio May 8 and 9.

Robert E. Hall of Austin, who

called the meeting, denounced the recent Young Demos' session at Mineral Wells as a "fake" and claimed that the convention was dominated by "hand-picked conservatives."

For the first part of this year, Texas rainfall averaged far less than normal (a fifth of normal in February), heat records were being set in various cities, and drought conditions prevailed again.

One move to combat this situation was announced by Governor Shivers, who said that an expedited road construction program would be carried on in 12 Plains and Panhandle counties to help their economy.

#### FREES HEAD FROM FURNACE

Flint, Mich. — Mrs. Marie Wilson, 51-year-old housewife, put her head in her coal-burning furnace to try to retrieve a baffle plate (gas deflector) which had fallen from the back of the furnace interior. A second plate fell on her head, pinning her down. About 40 minutes later, she managed to free herself. She was taken to a hospital for treatment for face and arm burns and a bruise on her head.

#### DEVOURS THE NEWS

Tulsa, Okla. — As fast as Dick Greenwood, a newsboy, delivered copies of a morning paper, a goat followed behind, chewing up the papers as fast as they were delivered. Someone caught the goat after it had followed the boy home and took it to a farm.

Bernard M. Baruch, retired industrialist: "Tragedy will be with us in some degree as long as there is life, but misery we can banish."

## Sports Quiz

1. Who is the lightweight champion of the world?
2. What ex-Champ was upset by the lightweight champion earlier this month?
3. Where is Willie Mays?
4. What was unusual about the opening of Grapefruit League baseball this month?
5. In their first two games, in Florida, how did the Braves and Dodgers come out?

#### THE ANSWERS:

1. Paddy DeMarco.
2. Jimmy Carter.
3. Back with the New York Giants, out of the Army.
4. A number of games were rained out, for the first time in over 15 years.
5. The Braves won both.

Ramon Magsaysay, President of the Philippines: "I see nothing incompatible between friendly and sympathetic feeling for our Asian neighbors and continuation of our especially warm relationships with the United States."

Walter Bedell Smith, Under Secretary of State, defending continued diplomatic boycott of Red China: "We recognize their existence simply as the malevolent force that has been fighting and trying to destroy our own."

John Foster Dulles, Secretary of State: "Unrest in Soviet occupied areas is so great they (Soviet leaders) do not dare give greater freedom for fear it will be used against them."

Plan wise use of our water resources.

## INSURANCE NEEDS CHANGE FROM YEAR TO YEAR

## INSURE! BE SURE!

Stephen A. Mitchell, chairman, Democratic National Committee: "Reaction of the pocketbook nerve is likely to determine control of Congress in November."

Roger M. Kyes, Deputy Secretary of Defense: "Tax dollars which pay for waste contribute exactly nothing to national defense."

Konrad Adenauer, West German Chancellor: "The Soviet Union intends to maintain its present advanced position as a jumping-off point for the eventual domination of all Europe."

Dr. Marshall T. Steel, Methodist preacher: "We make our own opportunities."

# NOT ONE BUT 2 GREAT NEW GASOLINES

### New Blending Formula

- 1 Adds Premium Qualities to NEW SHAMROCK TRAIL MASTER Giving Users of Regular Gasoline Extra Performance at No Extra Cost.
- 2 Makes NEW SHAMROCK CLOUD MASTER the Finest Premium Gasoline For Superior Performance in High Compression Engines

### For All Motorists

The Shamrock station near you now has in its pumps two of the world's finest motor fuels. This means that regardless of the make or model of your car one of the new Shamrock gasolines will give you MORE POWER... BETTER PERFORMANCE... GREATER ECONOMY... and, for no more than you would pay for any other leading brand of gasoline. Vitally important to the performance of your car is controlled volatility. Shamrock controls the volatility of the new gasolines with a wide range of light and heavy fractions... fractions that assure quick starts... clean burning, plus more mileage, more power and better performance. This careful control means that these new Shamrock gasolines will meet the varying requirements of your car from season to season. As a bonus... Shamrock gives you truly outstanding anti-knock qualities. Shamrock anti-knock qualities are now raised far above the requirements of the most powerful engines put in today's cars.

#### New TRAIL MASTER

Shamrock's New Trail Master is the performance-plus motor fuel for users of regular gasoline. It costs no more than regular gasolines yet gives the anti-knock, extra-power features you expect only in a more expensive, premium gasoline. New Trail Master offers the drivers of cars with lower compression engines all the performance advantages of recent gasoline improvements without requiring that he pay for a full premium gasoline. If you want the most from your car, get the best gasoline for lower compression engines... Shamrock's New Trail Master... the new, budget-wise gasoline with premium qualities.

#### New CLOUD MASTER

Today's powerful, high compression automobile engines make strong demands on the gasoline they use. But as a result of Shamrock's new blending formula, New Shamrock Cloud Master not only meets these requirements but far exceeds them. Shamrock Cloud Master... octane rating high enough to positively eliminate even trace knock... octane rating high enough to assure the quickest starts, fastest warm-ups, the greatest power and the smoothest performance your car was designed to deliver. No matter what kind of car you drive, if the engine knocks when using Shamrock Cloud Master Premium there is something wrong with your engine.

One of these new gasolines is exactly right for your car. A series of distillation tests carefully check the volatility of Shamrock, making certain that it meets the requirements of the new blending formula. Special knock-test engines establish definitely that the new gasoline is of such high octane rating that there is no chance of your engine knocking. Not only can an engine knock waste a portion of every tank of gasoline you use, but the effect of the knock can seriously damage the engine itself. Other tests prove the absence of gum forming copper and corrosive sulphur. These new gasolines are the result of the development of two new fuels, each to fill a specific need of the motoring public. If there is any doubt in your mind about which of the two new gasolines you should use, consult your nearby Shamrock dealer. He is there to help you get the most mileage and best performance possible from your car.

25 Years of Continuous Progress in Product Quality

**THE SHAMROCK OIL AND GAS CORPORATION • AMARILLO, TEXAS**

## Will You Be a Statistic Today?

Ever look at a statistic in the eye? Take a look in the mirror before you leave the house to drive to work this morning. Before the day's over, you'll turn up among the statistics—either as one of the drivers who had no accidents today or as one of those killed or injured.

It all depends on you. Because you are the driver who causes accidents—or prevents them.

You are a statistic. One sure way to turn up on the accident side of the ledger is to get into an impatient hurry. Last year, insurance figures show nearly 14,000 Americans—almost 47% of all fatalities—were killed by

excessive driving speeds. Not much over the "safety limit"—just enough to be fatal. Nearly 600,000 were injured the same way—or about 39% of all traffic injuries.

Many of them were drivers who resented speed limits—drivers who thought limits were set by stodgy legislatures bent on making motorists late for appointments. If you share that view, you're ready to fill a spot on the red side of the statistics column. Speed limits—better known as "safety limits"—are set by engineers who've tested and proved the safety margins for any given area.

Those engineers haven't tested and proved your car's mechanical safety... you have to take care of that—by letting the servicemen who know your make of car keep it in safe operating condition.

Only a vain and egotistical male will say that women are the weaker sex. They live eight years longer than men; they represent 20 per cent of the labor forces of the nation; they own 40 per cent of the homes, 50 per cent of the railroad stock, and have 70 per cent of the wealth. They spend 80 per cent of the money that goes for food and buy 67 per cent of the clothing. They have 99 per cent of the beauty of humans and the only time they cause trouble is when some foolish man doesn't do what he is told.

One evening a wise guy sauntered over to a table where a bald-headed friend of his was eating and decided to heckle him. He rubbed his hand over his friend's bald head and commented: "You know, Joe, your head is so soft and smooth—it feels just like my wife's leg."

Joe reached up, patted his own bald head and replied, "Darned if it don't."

Dr. Henry Steele Commager, historian: "Professional patriots never seem to learn that we have achieved unity largely by allowing the free play of variety."

Green manure crops improve the land.

## Cordell Hull Is To Be Honored By Student Exchange Program

By STANLEY JAMES

WASHINGTON: Cordell Hull's "Good Neighbor Policy," which solidified the Western hemisphere into a common front against the Axis in World War II, is about to be expanded in a different way—through a scholarship exchange program, honoring the name of the former Secretary of State.

International House of New Orleans will administer a scholarship fund whereby hundreds and, perhaps, eventually thousands of youths from Latin America can study in United States colleges and universities. Hull hopes many students from this country will also go to Latin America and learn the culture of the people there.

So far, a total of \$100,000 has been subscribed, chiefly by businessmen, as a revolving fund to start the scholarships. On the board of directors of the fund are two former colleagues of Hull in the Franklin D. Roosevelt cabinet—Jesse Jones and James A. Farley.

President Eisenhower personally endorsed the program a few days ago. It follows up the goodwill mission which his own brother, Dr. Milton Eisenhower, made to Latin America recently.

### POPULATION SHIFT

The advice of Horace Greeley's "Go West, young man," seems to be still being followed today. A study, recently released by the Census Bureau, showed that states in the West had the greatest population growth in the last three years. Nevada gained 24.5 per cent; Arizona, 20.7; California, 14.2; New Mexico, 11.1; Colorado, 9.9; Wyoming, 9.2; Utah, 8.9; and Texas, 8.9. In the nation as a whole, the population grew during 1953 by an estimated 2,700,000, placing the population well over the 160,000,000 mark.

It seems that a Texan's son was done with his service in Korea and was home to stay. His father, one of the fabulous oil men of the Lone Star state, was glad to have the boy back—and offered him anything he might want. There was a yacht on his list, a string of race horses, and similar little gifts.

The son didn't show too much interest. Finally he decided though he would like some golf clubs, that he would like to play some golf after his stay in Korea.

The father beamed. "How many would you like," he asked, anxious to please.

"Oh," said the son, "six or seven will do."

Well, the matter was dropped for a few days. Then one day the father greeted his son again with a smile. "I got the clubs," he said. "But I don't know. You may not be satisfied."

"How many did you get?" asked the son. "I'll like 'em all right."

"Oh, I got seven all right," the father said. "But it's a shame. Only six have a swimming pool."

### HOME BUILDING

A total of 1,100,000 new non-farm dwelling units were constructed during the year 1953—the third biggest annual total in the history of the nation.

It is vain to find fault with those acts of deceiving wherein men find pleasure to be deceived. —John Locke.

On the same day the trustees of the Fund visited the White House, they honored Secretary and Mrs. Hull with a luncheon, at which the envoys of most Latin-American countries were guests.

Dr. Sevilla-Sacasa, the Ambassador from Nicaragua, hailed the "magnificent work" done by Hull, who is called "the father of the United Nations." He said "Now that our continent is threatened by international communism, we need, more than ever, solidarity among our peoples."

Dr. Hector David Castro, minister from El Salvador and Council of the American States, said, "The principle of non-intervention in internal affairs," the cornerstone of the inter-American unity, is also the basis of the free world's defense against international communism.

Hull calls himself the "first student" under the Hull educational program because he learned about Latin America, himself, during his trips there while Secretary of State.

Science is resourceful. It couldn't pry open a day-coach window, so it air-conditioned the train.

This land of ours is gaining new friends day by day. Are you a Friend of the Land?

Soil is our greatest natural resource—save it.

### JANUARY FIRE LOSSES

Estimated fire losses in January amounted to \$86,493,000, an increase of 12.8 per cent over losses of \$76,659,000 reported for January, 1953, and an increase of 3.7 per cent over losses of \$83,440,000 for December, 1953.

### NON-MILITARY EXPORTS

United States exports during 1953 reached a total of \$15,747,000,000 compared with \$15,191,300,000 in 1952. Imports last year, according to the Census Bureau, amounted to \$10,873,700,000, compared with \$10,717,500,000 in 1952.

### EDUCATION COSTS

The largest single expense item of the nation's cities over 25,000 in 1952 was for education. A total of \$879,000,000 went for schools. Running a close second to education were streets and highways, for which \$589,000,000 was spent.

Jobless areas find problem is a long-range one.

Fertile soil produces people with sound bodies and resourceful minds.

### SCHOOL NEEDS

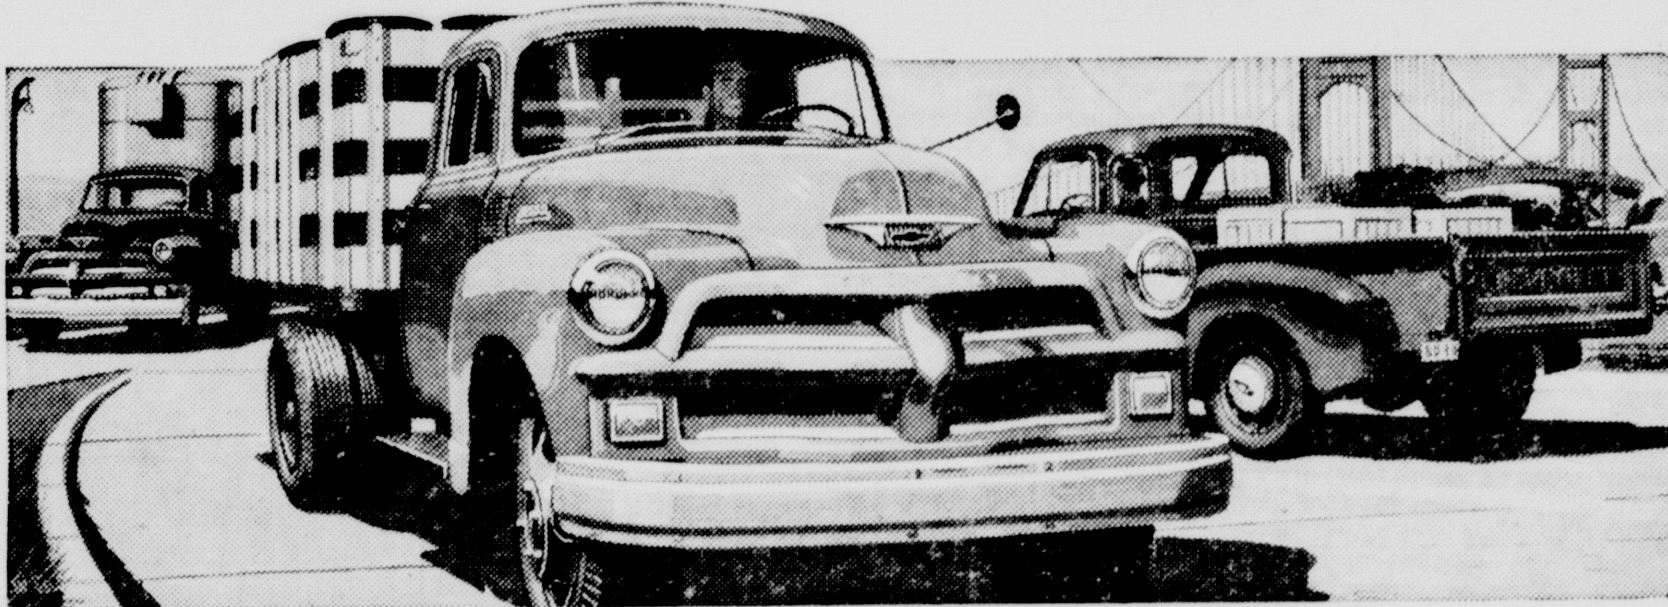

The National Education Association estimates that \$5,184,640,000 is needed for new construction to house today's school enrollment, not including repair or replacement of old buildings or future needs.

John H. Davis, Assistant Secretary of Agriculture, soon to resign: "It is definitely cheaper to maintain prosperity than to build back the economy after a depression."

Homer Ferguson, U. S. Senator from Michigan: "Democratic talk of a business recession is hurting the country and ought to be stopped."

The land is the nation's No. 1 economic problem.

# New, roomier bodies! New, rugged construction!

## New Chevrolet Trucks... do more work per day... more work per dollar!

**You save extra trips.** That's because of the extra load space you get in the new Advance-Design bodies. New pick-up bodies are deeper, new stake and platform bodies are wider and longer. Also, they're set lower for easier loading.

**You save hours on the road.** Thanks to new high-compression power, you can maintain faster schedules without driving at higher maximum speeds. Increased acceleration and hill-climbing ability let you save time where it counts.

**You save time on deliveries.** With new truck Hydra-Matic trans-

mission, you save time at every delivery stop. And you can forget about clutching and shifting for good! It's optional at extra cost on 1/2-, 3/4- and 1-ton Chevrolet trucks.

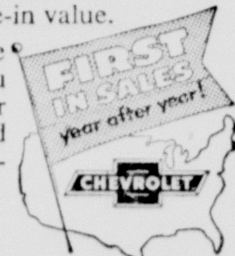

**You save on operating costs.** New power saves you money every mile! The "Thrifmaster 235" engine, the "Loadmaster 235" and the "Jobmaster 261" (optional on 2-ton models at extra cost) deliver increased operating economy.

**You save with lower upkeep, too.** Extra chassis strength saves you money on maintenance. There are heavier axle shafts in two-ton

models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

**And your savings start the day you buy.** In fact, they start with the low price you pay and continue over the miles. Chevrolet is America's lowest-priced line of trucks. It's also the truck that has a traditionally higher trade-in value.

**Come in and see all the wonderful new things you get in America's number one truck.** We'll be glad to give you all the money-saving facts.

MOST TRUSTWORTHY TRUCKS ON ANY JOB!—Chevrolet Advance-Design Trucks

## Buff Intra-Squad Scrimmage Ends Spring Training

Spring football training ended Saturday with a Buffalo scrimmage game in which the Whites downed the Reds 26-13. Offensively the teams stacked up rather good but there appeared to be some rough spots about the edges of their defense.

The Whites took an early 13-0 lead in the game and Coach Kimbrough had to do some strategic shifting to prevent a runaway score. He moved R. L. Rhoten from the side of the Whites, where Rhoten had already scored twice, to the Red side where he tallied another TD. Rhoten is believed to be one of the most promising ground-gainers the Buffs will have come next fall.

Bubba Hillman opened the game calling signals for the Whites and although several fumbles occurred the Whites went on to score in their opening drive. It was Rhoten who made the first touchdown and then converted with the extra point. In their second trip to the goal line the Whites got to the Red 20 yard line before being temporarily stalled. A pass broke the stall and Rhoten packed the pigskin over again for another six points. His conversion kick hit the crossbar, leaving the score 13-0.

Jax McSpadden made the first touchdown for the Reds. Tuggle scored again for the Whites and converted to make the half time score stand at 20-6. In the third period smashed over for a Red touchdown and added the extra point to make the score 20-13. But in the closing seconds of the game Orville Copeland went over for a White touchdown but failed to convert so the score ended with 26 points for the Whites and 13 for the Reds.

## Foster's Holds Lead in League

Business Men's Bowling League looks much different now from what it did a month ago. There are 9½ games dividing the last place club from the first place; a month ago about one game was all that divided the first one from last. Foster's Insurance has been steadily pulling away and if something doesn't happen to stop them at the rate they are going they will keep it up.

They lengthened their lead last week by clipping the City Barber Shop in all four games while the Johnson's Texaco crew "ran out of gas" against the Sternberg Lumber Co. bunch and dropped three out of four games to make it possible for Sternberg to move into second place.

Next week Foster's Insurance will take on Sternberg Lumber Company and Johnson's Texaco will play City Barber Shop.

Hosea Foster Insurance won 4: McDonald 507, Kiker 414, Foster 450, London 476, and Carter 463.

City Barber Shop won none: Zachry 527, Schmidt 318, Porter 279, Collinsworth 452, and Nickell 509.

Sternberg Lumber Company won 3: M. Bednorz 421, Walker 342, E. Bednorz 462, Bosley 500, and Sogree 517.

Johnson's Texaco won 1: Higgins 417, Mickey 438, Stark 360, Johnson 366, and Evans 550.

Present standings are:

|                    | Won | Lost |
|--------------------|-----|------|
| Foster's Insurance | 26½ | 17½  |
| Sternberg Lbr.     | 23  | 21   |
| Johnson's Texaco   | 21½ | 22½  |
| City Barber Shop   | 17  | 27   |

The Canyon Bowling Alley held its ground in the Metropolitan League in Amarillo by defeating Borden's in all four games: Childers 479, Bosley 535, Nickell 516, Sogree 537, and Mickey 488. This week the team meets the Southwestern Drug Company.

Miss Sarah Thompson spent Tuesday in Levelland as guest of the Levelland Garden Club.

## Two from Umbarger In Nuns' Rites

Two young women from St. Mary's Parish at Umbarger were among 23 who took part in ceremonies of reception and profession the past week in the Sisters of Mercy.

Thirteen young women received the garb of the Sisters of Mercy and 10 novices made profession of temporary vows in the chapel of the St. Joseph Convent of Mercy, Webster Groves, Mo.

Officiating at the reception services was Archbishop Joseph E. Ritter of St. Louis.

Among the newly received was Helena Westhoff, who will be known in religion as Sister M. Andrine. Her sister, Sister M. Conrad, was among the novices who made temporary profession. Both are the daughters of Mr. and Mrs. Conrad Westhoff and are graduates of Umbarger High School.

## WT Track Squad Wins at Ft. Worth

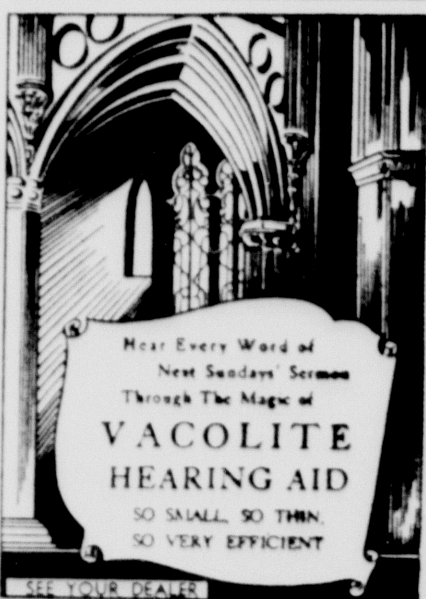

West Texas State's young track squad picked up two first places and a second at the Fort Worth Southwestern Recreation Track and Field Meet last Saturday, and Coach Hatcher Brown expressed pleasure over the results.

LeRoy Knott, freshman from Childress, took first place in broad jump and high jump in the freshman division, picking up enough points to put the Buffs in sixth place in that category. Ray Burrus of Canyon took second in the discus, giving WT a sixth spot in the college division.

Knott won his broad jump in the preliminaries, leaping 21 feet 3 inches, a distance not equalled in the finals. The freshman basketball player also set the pace in the high jump, clearing the bar at 5 feet 11½ inches.

Burrus hurled the discus 134 feet 4½ inches, to come in second behind a toss of 137 feet ½ inch, hurled by Eugene Branscome, of North Texas State. Burrus' toss was more than 10 feet better than his attempt at the same meet last year.

The West Texas State team will enter the West Texas Relays at Odessa Saturday. Burrus will not make the trip, since there is no weights division.

Batteries now available

**CANYON DRUG**

Recent announcement that Santa Fe Railway now is completely Dieselized brought from historical files the above photos on development of Santa Fe locomotive power. Locomotive No. 1 (top), the "Col. Cyrus Holladay," a 39-ton steam engine named after founder of the road, was built in Topeka (Kan.) shops in 1881. Center, the road's first passenger Diesel (two units, 3600 horsepower) installed on the first "Super Chief" in 1936. Bottom photo, today's "Super" makes the Chicago-Los Angeles run behind 6000 horsepower.

## Rev. Edgar Neal Speaks at Rotary

Rev. T. Edgar Neal of Stratford, who is visiting evangelist this week at the Methodist Church, presented the program at the weekly meeting of the Rotary Club Tuesday. The world we live in needs God and Christianity was the subject of Rev. Neal's talk.

Guests at the meeting were: Jim Bob Nance, Amarillo; Chan Foster, Canyon; J. L. Burt, Amarillo; Art Roberts, Canyon; Don Beck and J. T. Maddox, Canyon.

Visiting Rotarians were: Percy Lee, Denver; W. G. Budd, Bill De-fee, Forrester Barnes, E. Kancher, J. J. Sanders, Tom Cartwright, C. W. Seibel, C. D. Brown, Allen Shaw, J. C. Jenkins, all of Amarillo.

Mrs. W. T. McGregor, Mrs. Tom Gooch, and Mrs. Hugh Greiner left Sunday for Abilene to attend a Sunday School convention on Wednesday and Thursday.

Mr. and Mrs. Foster Amburn of Floydada spent Sunday with Mr. and Mrs. B. C. Taylor, Jr.

Mrs. W. G. Harris and daughter spent Tuesday in Levelland visiting with her parents.

President Eisenhower rejected a Tariff Commission recommendation to impose fees on top of tariff.

Help Keep Canyon Clean!

## BORN BEFORE FATHER

San Bernardino, Calif. — Adolphus A. Washaer, applying for an old-age pension, was asked to submit proof of his age. He wrote the Census Bureau, which informed him he was born in Eugene, Ore., Feb. 11, 1893 — four years before his father was born. So he wrote the bureau again, suggesting the possibility of error, but the bureau informed him that its records are accurate and an error is out of the question.

## OWL SPREADS FIRE

Beloit, Kans. — Burning woods on the Emery Watson farm set a tree afire. An owl, nesting in the tree, flew nearly half a mile with its wings aflame and dropped on the Delmont Jones farm, starting a new fire, which spread to five other farms.

## 23rd CHILD IN 25 YEARS

Tiverton, R. I. — For the 23rd time in her 25 years of marriage, Mrs. Irene De Mello, wife of an unemployed farmer, has become a mother. The infant was the eighth girl in succession and is one of 17 surviving De Mello children, the eldest of whom is 23 years old. All of the children were born separately to Mrs. De Mello, 40.

Prime Minister Nehru of India declares his Government will raise huge funds within the country "so we will not need to go about on crutches supplied by others."

Unemployment in the Detroit area rises further.

## CENTERVIEW H. D. CLUB MEETS WITH LA VENIA AMERSON

The Centerview Home Demonstration Club met Friday afternoon, March 19, with La Venia Amerson as hostess. In the absence of the president and the vice president, Miss Amerson acted as president. The minutes were read by the secretary and roll call was answered by something about the member's birthplace.

Grace Schaeffer gave the council report. It was announced about the district meeting to be held at Panhandle on April 22 and urged for all to go who could.

It was voted to donate \$5.00 to the Red Cross from the club.

A quilting was planned for Wednesday, March 31, at the school house to quilt two quilts for the club. Women are to bring chili and beans or fruit cobbler for lunch.

The next meeting will be on cooking tougher cuts of meat with Madge Sutton demonstrating on Friday, April 2, at 2:30 p. m. with Serena Bryan as hostess.

Doughnuts and punch were served to nine members. Those present were Grace Schaeffer, Annie Wesley, Ora Evans, Serena Bryan, Georgia Rogers, Edna Wilson, Lizzie Wesley, Inez Shipman, by the hostess.

Mr. and Mrs. H. G. Persons visited their daughter and son-in-law, Mr. and Mrs. Glenn Bobbitt, in Carlsbad, N. M., over the weekend.

M. D. Shepherd left Tuesday for St. Louis to attend a hardware convention as representative of the Tri-State Hardware & Implement Association.

Mrs. G. L. Davis is visiting Mr. and Mrs. Jim Seymour in Sterling, Colo. Mrs. Seymour is a daughter of Mrs. Davis.

## Cooper's Leading Women's League

Cooper's Market won all four points from Stevenson Pontiac to take first place in the Palo Duro Women's Bowling League.

Graham Grocery, who had been tied with Cooper's, lost two and a half points to Young's Drive-In to go down to third place.

Palo Duro Dress Shop climbed into second place after tallying all four points from Canyon Drug Monday night.

Canyon Drug is now in fourth place followed by Young's Drive-In and Stevenson Pontiac.

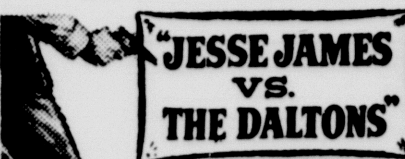

Dickie Winner is a new bowler for Stevenson Pontiac and Audrey Martin acted as a substitute for the Pontiac fans last week.

Anita Johnigan had top game with 171. Dottie Evans was second with 169 and Ruth Foster's 166 took third spot.

Clyde W. Warwick left Sunday for a third trip to San Antonio regarding arthritis with which he has been affected for a number of years.

## Kern Celebrates 90th Birthday At Umbarger

Last week, the calendar says, Spring came. Yes, for those who live by the book, promptly at 9:54 last Saturday night, Winter made a reluctant exit as he bowed in young Spring.

But for those whose senses are alive, Spring comes at no set hour. It's a state of mind. And anything may touch it off: the flame-colored crocuses in a yard down the street; a crisp white straw hat in a store window; the song of a bird; the lazy look of a dog in the sun.

In our block, we need no calendar to tell us when spring's on the way. Her coming is formally announced by a young bugler, whose nostalgic "Taps" sounds out with uneven rhythm some early spring night. And for us, that's it. Winter is at an end. For several springs, this has been our "notifier." Usually, we're seated at the supper table; usually, it has been a long, dull day. And suddenly, even though the doors are still closed against the winter chill, we hear his brave trumpet call. From then on through the summer — when he thinks of it — he signs the day out. For us, it officially marks the coming of spring.

A year or so ago, his mother asked apologetically if he bothered us. We told her of a newspaper story we had seen that day. It was of just such a boy in a New England town, who also tooted out the day. His parents, afraid he would disturb the neighbors, had made him stop. For several days, they were besieged by telephone calls: Was Tommy ill? Had he gone away?

Youth — and spring — have ways of making themselves understood, especially by the young-in-heart of any age.

### MRS. MARY JENKINS OBSERVES 84th BIRTHDAY WITH PARTY

Mrs. Mary Jenkins was very pleasantly surprised last Friday morning early when relatives began arriving with lunch baskets and gifts to help her celebrate her 84th birthday at her home in Canyon. A bountiful dinner was enjoyed at the noon hour.

Enjoying the occasion were Mr. and Mrs. John McGehee, Mrs. Bessie Lane, Mrs. Joe Rogers, Mrs. Bill Stockett, Mrs. Joyce Lane and Joy, and Mr. and Mrs. W. R. Franklin, all of Wayside; Mrs. Arnold Helms of near Claude; Mr. and Mrs. J. T. McGehee and Mary Ann of near Goodnight; Mrs. Jack Louder and Sally, Mr. and Mrs. Kotton McGehee and Dixie, and Mrs. M. E. Counterman, all of Happy, and Mrs. Mary Jenkins and son, Merle, host and hostess.

### SAPLING KILLS MAN

Broken Arrow, Okla. — A stubborn willow sapling, which had been crushed to the ground by a bulldozer, snapped back like an arrow and speared a farm worker who was walking behind. The victim, Jess Lee Henry, 22, was struck in the chest and died before reaching a hospital. The bulldozer, operated by Henry's father, was clearing brush from their farm.

### DESIGNING YOUNGSTER

Junior was invited to supper at Billy's house but refused. When Ma asked why, Junior sneered. "He just wants me to help him eat up his cereal so he can have the box tops."

Mrs. Louise Kern, eldest member of St. Mary's Parish, Umbarger, quietly observed her 90th birthday on Thursday, March 18. She began the day as she often does, by receiving Holy Communion. Most of her day was devoted to looking at her birthday cards and visiting with her children and friends. In the afternoon she had her picture made.

Louise Becker was born March 18, 1864, near Galena, Illinois. Her mother died when Louise was about two years of age and she was adopted by Mr. and Mrs. Matthias Weber. When she was four years of age, she was baptised in St. Mary's Church, Galena. She lived near Galena on a farm all of her childhood and received the average country schooling of the day.

At the age of five she learned to sew rags together for carpets and by the time she was six she was piecing quilts. She learned to knit by the time she was seven years of age. She sewed her first dress for herself when she was nine and has continued to sew throughout the years.

In 1885 Louise married John Kern of Galena. They were married in the same church in which she was baptised, received First Holy Communion and was confirmed. They moved to their own farm where they lived until Mr. Kern retired in 1919. Mr. Kern died in 1929. A son, Ed, died in 1931, and a daughter, Sister M. Gonzalva, S.S.N.D., died in 1949.

After the death of Mr. Kern, Mrs. Kern continued to live in Galena for several years, then moved to Freeport, Ill., with her daughter, Josephine. She visited in Nazareth in the homes of her sons, Ed and Paul, upon numerous occasions. In 1946 she moved to Umbarger to keep house for her son, Clarence. She does all the cooking and light household chores every day. She spends a portion of each day in prayer.

To occupy her time she pieces quilts, crochets, and does some sewing for herself. She has a good sense of humor and enjoys a good laugh. Although her step is slower, her mind is very clear and her memory good. She enjoys recalling incidents from her childhood and as a young mother rearing her family.

Mrs. Kern's children are Mrs. Eda Hill, Elizabeth, Illinois; Mrs. Margaret Kohlbauser, Galena, Illinois; Mrs. Josephine Linenfelter, Freeport, Illinois; Paul, of Hereford, and Clarence, of Umbarger. She has 19 grandchildren and 14 great-grandchildren with relatives in 24 states and Canada.

On Sunday, March 21, her grandchildren in Nazareth feted her with a dinner and party in the Joe Warren home. Among those visiting her on her birthday were Mrs. Kern's daughter, Josephine, and Paul. Mrs. Kern counted her cards, which numbered over 100, and then expressed heartfelt appreciation to all her friends who had remembered her.

### NOT THE SAME

Moore — "Did I understand that you bought this house for a song?" Lesse — "Well, no, not exactly; what I did was to buy it on notes."

Philadelphia. — When the lid of a toy box fell on 16-months-old Johnny Rendin, the child died of a broken neck.

**Gates Gardenette**

the **FEATHERWEIGHT** Garden Hose built with ...

**NYLON CORDS**

Nylon — the wonder cord — helps to make Gates Gardenette a hose with these magic qualities:

- Weighs only 1/2 as much as standard heavy hose
- Handles and coils as easily as a soft rope
- Makes lawn and garden watering a delight not only for men, but for women and children as well

AND YET... With all its grace, pliability and light weight, Gates Gardenette will outwear the best standard garden hose by years!

## CHS Band Receives First Place In Memphis Contest

### Dare To Be Different

Often in life we find ourselves faced with the task of choosing between following the crowd or venturing out alone with our own ideas. It is always easier to go along with the gang at the moment, but this may cause us to become involved in situations that are more difficult later. "Everybody else was" may sound strong when the temptation is greatest, but later it becomes a flimsy excuse when faced with sound reasoning.

Daring to be different becomes a challenge when our actions threaten to set us apart from the crowd. It is then that we must have courage to make wise selections of the pattern and material of our lives. It is the greater challenge to be different and make that difference so attractive that it appeals to the crowd eventually. Don't be afraid to express your own ideas about problems in situations that arise. Daring to be different gives one the opportunity to become a leader toward the goal of wholesome worthwhile living. When we take the easier road of passive resistance, leadership withers, but when we have the courage to stand up and be different we can be admired and approved.

Let us dare to be different and right!

### You Wanta Keep From Growing Old

Always race trains to crossing. Engineers like it, it breaks the monotony.

Always pass the cars ahead on curves, don't use the horn, it may unnerve the drivers.

Demand half the road—the middle half. Insist on your right.

Always speed. It shows you are full of pep, even though an amateur driver.

Don't waste time stopping, looking or listening. Everybody else does that.

Always lock your brakes when skidding. It makes the job seem more artistic.

In sloppy weather drive close to pedestrians. Dry cleaners appreciate this.

Always drive with your window closed. Then you don't have to signal.

—Cal May 18, 1953

### Sophomores Splash At Swimming Fete

Splash, splash!! A "splashing" time was had by all sophomores at a swimming party in the indoor pool of WTSC on March 19, at 7:30.

Committee for the party was Eugene Boston, chairman, Jerome Edwards, Joe Carver, Jack Pruett, Richard Fleming, and Richard Irving. Class sponsors are Mr. Lawrence Brotherton and Mrs. Tom Beard.

Hubert Green and Jeanine Thomas won prizes for the best costumes at a freshman party on March 23, 1953.

Jack McCormick, CHS junior, has been named to junior membership in the American Milking Shorthorn Society.

### Girl's Chorus Combined With Main Choir for League Contest

The Girl's Chorus is working with the girls of the regular choir for the Interscholastic League spring contest because the mixed choir will not enter the contest this year. Songs being prepared for the contest are "Sleeping Lake," "Call to Remembrance," "When Jesus Was a Little Child," "Verdant Meadows," "The Singing Brook," and "Hopsaa."

### The Eagle's Tale

Published weekly by The Canyon News since 1925 during the regular school term for the Canyon High School. The Eagle's Tale is written and edited by members of the Journalism Club, and is a member of the Panhandle High School Press Association and Interscholastic League Press Conference. Winner of 1952 PHSPA Community Service Award.

Well, kiddies, here's the other matching test ole Cal promised ya. See if you can match these girls' names.

#### JUNIORS

Nancy Louise  
Carolyn Ann  
Juanelle Elizabeth  
Beverly Margaret  
Opal Beth  
Martha Lois  
Mary Marie  
Helen Ruth  
Bettie Marie  
Helene Lillian  
Tanya Louise  
Anna Carolyn  
Lucy Florene  
Rachel Vistula  
Ellen Joan  
Gladys Marie  
Dovie Ruth

#### SENIORS

Anne Fayrene  
Marilyn Jane  
Edwina Dee  
Barbara Elaine  
Donna Jean  
Flora Carroll  
La Nelle Jane  
Nancy Ann  
Mary Margaret  
Sue Billene  
Delores Louise  
Martha Jean

Ole Cal wants to salute the loyal CHS girls who cut their hair and now look like bald eagles.

See you kiddies next week when the CHS boys will be featured in a matching test.

## Junior Girls Win Basketball Title

The 1954 girl's basketball intramurals were topped by the junior girls who defeated the senior girls first and freshman girls second, by scores of 14-9 and 13-10, respectively. The four teams ended in the following order: first, juniors; second, freshmen; third, seniors; fourth, sophomores.

In the first round, the seniors played the juniors and the sophomores played the freshmen. The juniors and freshmen were victorious and they played in the finals. The seniors and the sophomores played for third place.

Girls eligible for these teams were those who were not on either the "A" or "B" basketball teams. The intramurals went along very smoothly this year and we hope in the years to come there will be as much cooperation from the students during the intramurals as there was this year.

#### Menus

Tuesday, March 23: Sliced ham, potato salad, blackeyed peas, celery sticks, rolls, butter, banana pudding, chocolate milk.

Wednesday, March 24: Hot dogs, mustard, chili, potato chips, ice cream, milk.

Thursday, March 25: Pinto beans, cheese, potatoes, greens, cole slaw, corn bread, butter, pineapple pie, milk.

Friday, March 26: Tuna salad, tomatoes, potatoes, cheese sauce, carrot sticks, bread, butter, apricot pie, milk.

Monday, March 29: Macaroni and tomatoes, buttered cabbage, lettuce pickle salad, bread, butter, fruit jello, milk.

#### Newman Directs Band

The band was under the direction of M. J. Newman, WT band director, March 15-16, to work out problems confronting the musicians on the three Interscholastic League contest numbers, two overtures and a march.

Because weather conditions would not permit practice, the band did not participate in the marching contest at Memphis, March 20.

David Miller successfully dehydrated a potato in 1953. The experiment took place after he reported on a book about Inca Indians.

Mr. Skjold — No, I'm afraid I didn't. I was dozing most of the time.

Mrs. Skjold — Huh, a lot of good it does you to go to church.

## Dr. Louis Evans Challenges To Let Great Coach Referee Life's Game

To have an aim in life and to know how to play the game of life is important, Dr. Louis H. Evans, former pastor of the Hollywood Presbyterian Church, told the Canyon High student body during Religious Emphasis Week.

In the "Game of Life" what are you living for? You can't really know unless you realize what the secrets of success are and how to attain them.

In athletic terminology Dr. Evans defined the secrets of success. First one has to know for what he is living. Christ came down on earth to form a team to get that ball back and that ball is the earth. As a team the people on earth have to get that ball back to God. Then comes: concentration—that's knowing where the goal is; consecration—that is denying oneself things that might sap your strength and keep you from reaching that goal; conscience—that is what keeps one parallel with God; courage—enables one to run the broken field alone; self-forgetfulness—having one faith and that in God; coaching—that is looking to God for direction and help.

Dr. Evans explained that his generation would be leaving the field with the ball on the five yard line and that we as young people would be taking over with 95 yards between us and the goal, which is peace. Between us and peace we would find that evil tactics with a hard sock. He urged us to try God this time; let him be our coach because we would find that he had some wonderful plays.

"More than half beaten but fearless,

Here in the lull of this fight,  
With hardships and foes all about me,

God, give me the strength to do right!"

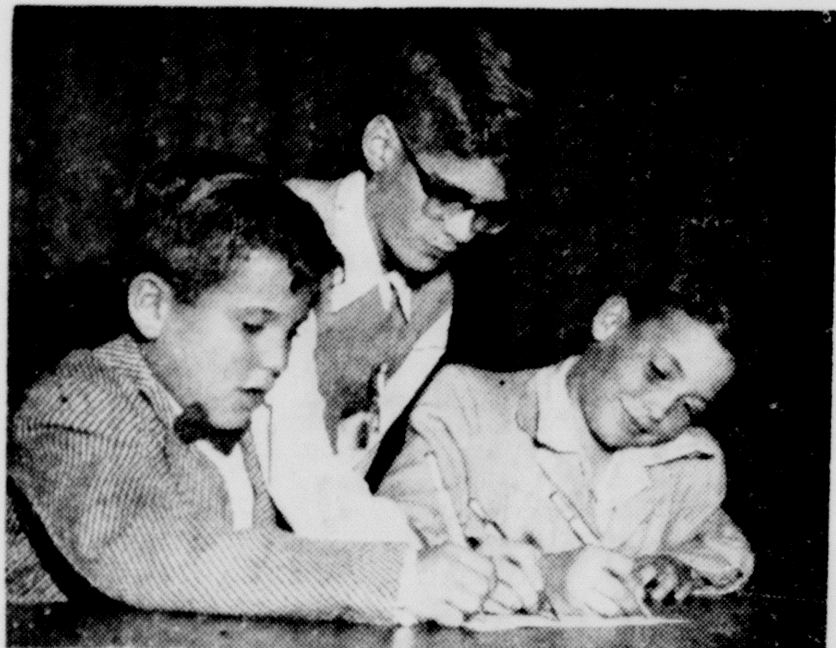

DR. LOUIS H. EVANS

With head all bowed down and bloody,

God of this fighting clan,  
Lifting my faith, I implore thee,  
Give me the heart of a man."

Dr. Evans, who appeared through the courtesy of the West Texas State College Religious Emphasis Week committee, has spoken to over 100 colleges and universities all over the world. He spoke at the college in the Willson Lecture Series which brings an outstanding personality to the campus each year.

Dr. Evans was active in college and was chosen All-Conference and All-State in football and All-Conference and All-Southern in basketball. He also played with the basketball team which won the United States championship. He is one of the 12 outstanding religious speakers of the nation.

QUIZ KIDS: Pictured are three perfect scorers in the KGNC Quizdown March 14; left to right, John Byrd, fourth grade, Canyon Grade School, Johnny Kibler, Highland School, Clovis, New Mexico, and Phil Pennington, fourth grade, Canyon Grade School.

### Students Prepare For Spring Contest

CHS is buzzing with activity as students are preparing for the Interscholastic League contests at West Texas State, April 10.

Jo Ann Mickey, last year's winner, and Ann Holt are trying out for the essay contest. The girls will choose a subject from a list and have about three hours in which to write the essay.

Bob Cole, Opal Dawson, June Davis, Billie Graham, Jean Masters, Norris Samuelson, and Don Wells are trying out for the four entries in the typing contests. The four contestants will take a 12 minute speed test. They will be graded on speed and accuracy.

Edwina Caskey and Camilla Davis will represent Canyon High in the shorthand contest. The girls will be given 80 to 90 words a minute for five minutes and then transcribe the dictation. They will be graded on the percentage of accuracy.

The girls' chorus is working on "Sleeping Lake," "Call to Remembrance," "When Jesus Was a Little Child," "Verdant Meadows," "The Singing Brook," and "Hopsaa."

The band is working on "Lincoln" overture, "An American Scene" overture, and "Show Boy" march. The brass sextette will play "Tone Sketch" and the clarinet quartette will play adagio from "Pathétique" symphony. Several solos will also be entered.

The speech department is working on two one-act plays though not for the contest. They are "Seeds of Suspicion" directed by Billene Childers and "Talk of the Town" directed by Bob Wilkerson. They will be presented in assembly sometime in April.

### Senior Teens

April 22, 1936, was the birthdate of teen number one who is 5'7" tall and weighs 125 pounds. This vivacious brown-haired, brown-eyed senior plans to major in speech at West Texas State College. She has been active in the choir, band, Rainbow Girls, FHA, and FTA. Various class offices and honors have been held by her. Green Dolphin Street is the book best liked by this individual. This senior's ambition is to go to South America.

Among her favorite sports are basketball, bowling, and football. "Til The End of Time" is her favorite song; the band leader best liked by her is Billy May. One of her many friends said, "a cheerful and sweet disposition make up her charming personality."

To be a good electronics engineer is the ambition of teen two, whose birthdate was September 21, 1936; height is 5'11," and weight is 150 pounds. He has brown hair and sparkling blue eyes. Basketball and baseball are the favorite sports of this Science Club and National Honor Society member. A high honor was held by him during his junior year. Kon-Tiki is the book liked best by this senior.

In the music field, "Tales From the Vienna Woods" is his favorite song, and his favorite band is the United States Navy Band. His father is his favorite person. This individual plans to enter the field of Communications research at Abilene Christian College. "He has a very likeable personality," said a friend of this teen's.

Nora Dell Williams and Jerry Martin were the senior teens of last week.

Placing first in sight-reading and concert, the Canyon High School Band won high awards at the Memphis Pre-Spring Contest, March 20. In the ensemble division the Clarinet Quartet placed first and the Brass Sextet placed second. Each first place received a trophy.

The band played "Lincoln," a lyric overture, and "Show Boy," a march, for concert, and for sight-reading it played "Canyon Passage," an overture, and "Highland Festival," a march.

The Clarinet Quartet made its second appearance this year. It is composed of Jo Ann Mickey, Charles Miller, Christina Sikes, and Judy Newman. The Brass Sextet also made its second appearance and it features Harold Newberry, Beryne Bob Woodward, David Miller, Norris Samuelson, Tom Wilbanks, and Glenn Rusk.

Mr. Herman W. Demus and Mr. W. C. Swartzell, directors, accompanied the group.

### Local Quiz Team Makes High Mark

Highest score in the history of "Quizdown," KGNC radio and television program, was made by a team of Canyon Grade School students Sunday, March 14.

The team from Canyon made 950 points while the opposing team from Clovis scored only 500 points.

Two students were selected from each of three grades with an alternate from each grade. Fourth grade representatives were John Byrd, Phil Pennington, and Elaine Seay, alternate. Sally Jennings, Roy Neal Byrd, III, and alternate, Robert Drake, were the fifth grade quiz students. Representatives from the sixth grade were Mark Mickey, Judy Taylor, and Robert Higgins, alternate. Phil Pennington and John Byrd of the fourth grade were the only ones to make a perfect score.

Each team member received a medal and mechanical pencil. The Grade School was presented with an automatic Motorola clock radio which is in the library.

The teachers who worked with the team contributed much to their success.

### CCYC Discusses Christian Values

The Canyon Christian Youth Council presented a panel discussion on "Moral and Spiritual Education in the Home, School, and Community" to the P-TA on Thursday.

Members on the panel were Alice Jean Brotherton, Nancy Root, Helene Meyer, Charles Joyner, Frances Pennington, and David Miller, moderator.

Subjects discussed respectively by the panel were "Moral and Spiritual Education—National and Community Interest," "Moral and Spiritual Values—What are They?" "Learning Values in the Home," "Learning Values in the School," "Learning Values in the Community," and "Summing It Up."

### Canyon Trackmen Stomp Hereford

Canyon's trackmen stomped Hereford in the duel track and field meet held here at Canyon Friday, March 19, by taking 13 out of 14 first places.

Delmar Yaryan took three first place events and Jamie Airhart took two. Yaryan took first place in the broad jump, 100 yard dash, and the 220 yard dash. Airhart took both the 120 yard high hurdles and the 180 low hurdles. Both boys were a big part in winning the 440 yard relay.

Joe Streun was the only Hereford man to take a first place. He managed to run the mile in 4:56.7 for the fastest time there.

First place results:

Shot put: Joe Britt, Canyon; distance, 43'9½". Broad jump: Delmar Yaryan, Canyon, 20'½". Discus: Elmer Clement, Canyon, 120'7". Pole vault: Melvin Cunningham, Canyon, 9'. High jump: Don Beck, Canyon, 5'4". 120-yard high hurdles: Jamie Airhart, Canyon, time, 16.8 sec. 100-yard dash: Delmar Yaryan, Canyon, 10.2 sec.

440-yard dash: Billy McBroom, Canyon, time, 57.2 sec. 180-yard low hurdles: Jamie Airhart, Canyon, 21.8 sec. 440-yard relays: Canyon (R. A. Burgess, Charles Neblett, Airhart, and Yaryan) 46.8 seconds.

880-yard run: Jimmy Simon, Canyon, 2 min. 22.5 sec. 220-yard dash: Yaryan, Canyon, 23.7 sec. Mile run: Joe Streun, Hereford, 5:56.7. Mile relay: Canyon (Simon, Ruthart, McBroom, and Clement), 3:47.

Erosion is our common enemy.

### Gay Traveler

Because the fabric blends two fibres (rayon and acrilan) it is supple and sheer, resists wrinkling. Always crisply fresh, it is styled for the traveler who likes a dress adaptable to many occasions. The low neckline and stand-out pockets are trimmed in wavy bands of the fabric. Sizes 10 to 20.

## WARREN'S

## Just Between You, Me . . . and the Gatepost

By Lawrence Hunnicutt

One of the stories we hope to have for next week concerns the weather and the dust that we've had so much of here lately. Just as soon as we get the vital information on this subject that is necessary for a story we may have a surprise for you. Some people say we haven't had any more wind than usual this year and that the drought conditions are so bad that the dust has been blowing. Some official sources report that we are entering the third year of the drought and this dry period linked with the feed shortage which made it necessary for cattlemen to graze down all the pasture land is the main cause for our dusts.

Charles Donnell recently returned from a vacation trip to Las Vegas, Nevada, and reports dust blowing in other spots as well as here. Parts of New Mexico, Arizona, Colorado, and Oklahoma are moving on to other places with the winds. Mr. McCarter recently returned from a trip through Colorado and reports drought conditions so bad in some spots that water rationing was already in effect. In some of the Colorado towns there is no water for car washing nor lawn watering.

One of the interesting things Charlie reported was the amount of snow over a huge portion of desert area lying between Kingman, Arizona, and to within 45 miles of Albuquerque, New Mexico. This stretch of desert seldom gets any moisture but there's a strange paradox existing here. Drought conditions are existing everywhere except in the desert where it usually is and there is being dumped the moisture that is so badly needed other places.

Many people who have been condemning farm subsidies should check up on some other types of subsidies before throwing a verbal lashing into the farmers, according to some of the reports we've had recently. Ben Guill, Assistant Postmaster General, made a recent report in which he states that magazines and second class mail have cost the government more than farm subsidies during the past 17 years. According to Guill the farmers have cost the government a total of \$1,049,000,000 during this period and the second class mail subsidy cost \$2,127,000,000. Most of the loss came through highly successful magazines that could easily afford to pay their own way in the mail.

You may not believe it but spring sort of snuck-up on us or blew in with the dust and came to rest squarely on us Saturday. The grass might not show up as the type of green you like as the first sign of spring, the birds may not be singing and there may not be a lot of April showers, but officially spring is here.

Whether it's fishing tales or just plain gags you want, you're likely to find it in this column. Kenny Goodman usually provides us with fishing tales and he hasn't been on the job lately so we'll have to settle for some gags.

When you look back upon most of the troubles you worried about in the past you find most of them never happened.

In a swanky restaurant a customer said to the waitress, "I'll take the \$1.00 dinner," to which the waitress replied, "an white or rye, sir?"

Tattoo artists artists will never be popular because they are always getting under someone's skin.

Modern girls often leave nothing to a man's imagination and everything to his self control.

Good morals are better than good manners, but not so popular.

1. Name the "southernmost" city of the United States.
2. What is the largest city in Asia?
3. For what is Vasco Balboa best known?
4. How long is the Missouri River?
5. What is the approximate population of Great Britain?
6. What is the "Holy Grail?"
7. When did Florida become one of the states of the Union?
8. About how many of the nation's "working girls" are married?
9. What countries make up the "Soviet Six?"
10. Who is often called the "Copernicus of the 20th Century?"

### The Answers . . .

1. Key West, Fla.
2. Shanghai, China.
3. He discovered the Pacific Ocean.
4. 2,551 miles.
5. About 50,000,000.
6. The legendary cup from which Jesus drank at the Last Supper.
7. On Feb. 22, 1819, when it was ceded by purchase and treaty with Spain.
8. 58 per cent, as compared with 42 per cent before World War II.
9. The Soviet Union, Ukraine, Byelorussia, Czechoslovakia, Poland and Rumania.
10. Albert Einstein.

### MRS. MILTON MORRIS IS HOSTESS TO 1925 BRIDGE CLUB

When Mrs. Milton Morris entertained the 1925 Bridge Club on Wednesday afternoon, March 17, she carried out a St. Patrick's Day motif in decorations.

At the social hour a salad course with coffee was served to Mesdames A. K. Knott, Otis Parker, Hud Prichard, John Williams, Roger Whealy, Hatcher Brown, Ray McReynolds, Iverson Leake, Glenn Dowlen, J. M. Daugherty, Newton Crain, and Miss Irene Angel.

### SELECTS WRONG COMPANY

San Antonio, Texas. — A friendly fellow approached two local cops and asked them to share a few beers with him. The party didn't come off, however, and "Mr. Friendly" was arrested for burglary when he pried open an ice-house lock to get the beer.

Gen. Weyland says Korean lessons may save the world.

Soil is sacred—let's treat it as such.

## Wedding Rites To Be Saturday

MISS VESTA MAE SNAVELY

On Saturday evening, March 27, at 7:30 o'clock, Miss Vesta Mae Snavely, daughter of Mr. and Mrs. Luther Meeker Snavely, of Brownsville, will become the bride of James Berkeley SoRelle, son of Mr. and Mrs. I. F. SoRelle, of Canyon. The rites will be read in the First Baptist Church of Brownsville.

By LYNDON B. JOHNSON  
U. S. Senator

### Save Soil, Water

Principal points of an upstream water control bill Congressman Bob Poage introduced in the House and I introduced in the Senate are included in legislation passed recently by the House.

It provides for Department of Agriculture cooperation with a state, or any political subdivision authorized by the state, in carrying out such flood prevention projects as correct land treatment, gully plugs, detention dams, and the like. Object is to stop water close to the point where it falls—for use as needed.

This is an important water and soil conservation measure.

### Legislative Program

Administrations proposed legislative program is moving slowly. The farm bill is still before House and Senate committees, as this is written, and so are proposed amendments to the Taft-Hartley Act. Nothing at all has been done as yet about a foreign trade bill, a major Administration project. The bill to expand the Social Security program is scheduled for committee hearings.

A factor throwing the timetable off balance has been the urgent demand for tax reduction. My mail from Texas reflects that demand.

### Air Academy

Chances that the Air Academy will be located in Texas were improved when the Senate adopted our amendment providing that if board members named to survey possible sites agree unanimously, their choice must be accepted. If members are divided, AF Secretary must select one of their three top choices.

### Postal Workers

I met recently with a fine bunch of Texas postal workers—around 50 of them. They were here to discuss proposals that employees of the Post Office Department receive a pay raise. Their approach to the subject was notably fair and reasonable. They made me feel proud of our Government and its employees.

I hope and believe Congress can work out an equitable plan for a pay raise for the hard-working postal employees. They need it. They deserve it.

### No Surprise

Texans were not surprised that Bob Anderson, Secretary of the Navy, has been picked as Deputy Secretary of Defense, No. 2 position in the Defense Department. Secretary Anderson, although still a young man, has been doing big jobs in Texas for years—and doing them in top-flight fashion.

First Farmer: "Don't think much of that new weather prophet the Government's got on the radio."

Second Farmer: "Well let's don't do any complainin' about it. Just think how bad it would be if the Government started regulatin' the weather instead of jest predictin' it!"

## Check With Social Security When You Reach Age of 65

Persons past 65 years of age who continue in employment or self-employment covered by the Social Security Act often delay filing application for monthly payments until they actually retire from covered employment. Since they are still paying the social security tax they feel that they are increasing the amount of their eventual monthly payment by delaying the filing of an application.

According to J. R. Sanderson, manager of the Amarillo Social Security office, such a delay can possibly result in a decrease rather than an increase in a person's retirement pay. He points out that monthly payments are based on average monthly earnings. This average can decrease as well as increase after age 65. The average is figured as of only two dates: The time the person is 65 years of age and has minimum employment to be entitled to payments, and as of the time he finally files application.

Sanderson, therefore, advises anyone who is now past 65 and earning less than his average earnings have been for the past three years to contact his office. Anyone who is now at least 65 years of age and earned at least \$3600 per year in 1951, 1952 and 1953 can file now and be entitled to maximum payments when he does retire. For such a person delay in filing cannot increase his payments, whereas such a delay can possibly result in a decrease.

Feed Phosphate to the soil.

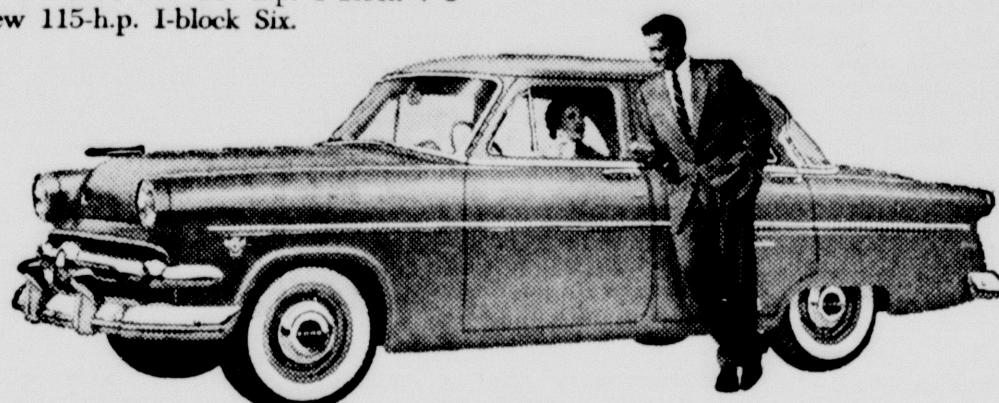

## You live in style in the '54 FORD

Your life on wheels couldn't be more pleasant! Your surroundings are a decorator's dream come true with beautiful new interiors you would never have found, formerly, outside of the most expensive cars. New Ball-Joint Front Suspension gives you the smoothest ride you've ever experienced in any car. And, of course, you'll find driving a lot more fun with the road-ruling "Go" of Ford's new 130-h.p. Y-block V-8 or new 115-h.p. I-block Six.

The many fine-car dividends

you get make it more than ever

## News In Canyon 25 Years Ago

(Taken from the files of The Canyon News of March 28, 1928)

The first copies of J. Evetts Haley's book, "XIT Ranch of Texas," were received.

A committee from the legislature will visit West Texas State

on April 9, according to President J. A. Hill.

The names of W. E. Lockhart and W. H. Stroud were added to the list published last week as candidates for the school board.

"The Creation" will be presented Easter day at the college auditorium under the direction of Wallace R. Clark.

Unless we conserve our soil, posterity will suffer the ills and woes of an impoverished land.

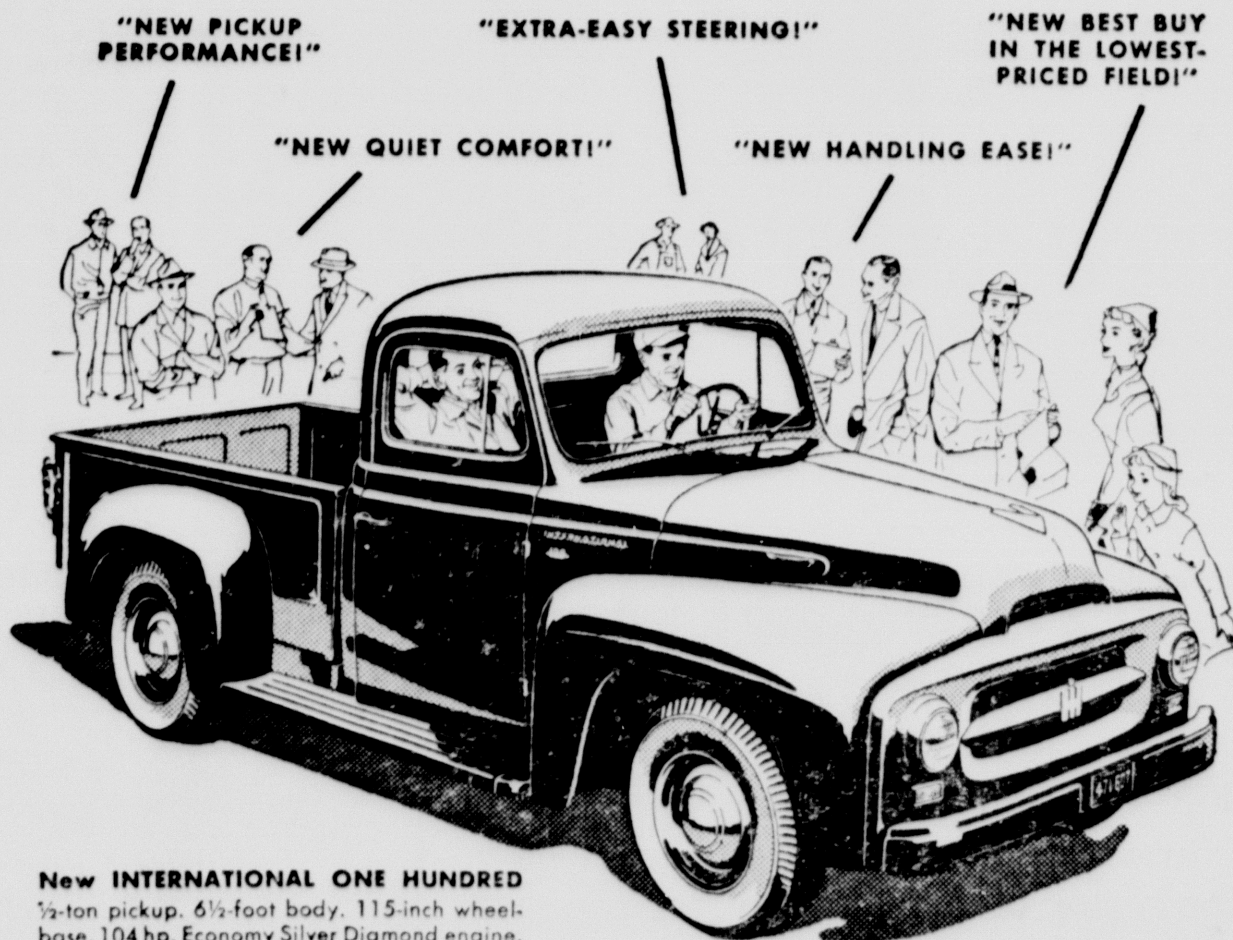

## WORLD WAR I VETS DIVIDEND

The Veterans Administration has announced it would pay a regular dividend of \$21,000,000 next year on 375,000 Government life insurance policies held by World War I veterans. The payment will go to those with permanent plan policies. About 24,000 World War I veterans, who have term insurance, will not share in the payment.

SOIL CONSERVATION is important to every man, woman and child.

## Latest Rumors From Political Front of Nation

President Eisenhower is trying to find a way to use Gen. Douglas MacArthur to win back for the White House more active support from the right wing of the Republican Party. General MacArthur at this time is not anxious to assume a more active political role.

Joseph McCarthy, Wisconsin Senator, is discovering as time goes on that it is more and more difficult to pin responsibility on Democrats for any Communists he turns up and more and more embarrassing for Republican officials, who have been in office for 14 months. High Republican officials are becoming very touchy on the Communism issue.

Senator McCarthy is beginning to explore fields other than Communism in search of popular issues for use if that one should wear out. The Senator is to take a very active stand for farm price supports higher than sought by most of farm bloc.

Leverett Saltonstall, Massachusetts Senator and chairman of the Senate Armed Services Committee, hoped to avoid investigating Army charges against the McCarthy Committee, and McCarthy charges against the Army. Senator Saltonstall is up for re-election in November. Senator McCarthy has a big following in Massachusetts.

Wilton B. Persons, the President's top adviser on relations with Congress, is standing almost alone among White House aides in urging Mr. Eisenhower to avoid any further arguments with Senator McCarthy, direct or indirect. General Persons is convinced that an internal fight within the Republican Party can be avoided and that there is no political percentage in aggravating internal differences.

Harold Stassen, Director of the Foreign Operations Administration, is on the lookout for a new job, with his FOA scheduled to fade from the scene before long. Mr. Stassen may end up as a key man on the White House staff, representing the President.

President Eisenhower is to follow a policy of filling high-level administrative positions, up to Cabinet rank, by promoting staff members when higher officials resign. This policy is expected to make recruiting easier "because a man selected for a second-layer job will know he has a chance to move up."

There is complaint around the White House that Senators and Representatives insist upon handing out most patronage jobs to friends, leaving few for "a wealth of young material" among those who worked hard in the Citizens-for-Eisenhower movement.

Earl Browder, one-time Communist leader in the United States, is reported to be talking with Government investigators, with results that could provide later sensations.

Sherman Adams, staff chief for the President, found that promises to locate the new Air Force Academy in the South encouraged some Southern Democrats to look with favor upon the White House tax plan. Competition among regions to get this institution has been intense.

Top Senate Democrats think they have a hint from top Senate Republicans that a final tax bill that contains a combination of a \$100 increase in personal exemptions and some relief from double taxation of corporation income will get by without a veto.

Charles E. Wilson, Secretary of Defense, is author of the now widely used phrase, the "new look." This is an expression derived from the automobile industry and applied to military cuts. The "new look," basically, is just a trimmed-down military setup.

Gen. Matthew Ridgway, Army Staff Chief, has backed away from giving full endorsement to cuts

## WASHINGTON AND

# "SMALL BUSINESS"

By C. WILSON HARDER

The question is being asked on Main Streets all over the nation "Just how anti-communist, in a non-political way, is the government?"

There is substantial confusion over whether the current ballyhoo over communism is mere politicking or not. If not, then wonder is expressed why more definite action steps is not taken.

Practically all Americans abhor communists with a deep, bitter hatred. Even those who a few years ago took attitude if Russians wanted communism, that was their business, believe communism is a world-wide espionage and sabotage system.

That is why Senator Joe McCarthy is an enigma to many. While an apparent majority believe he has clearly focused the problem, wonder is expressed why government as a whole has not made an all out attack on problem using legislation already passed by Congress.

Senator Paul Douglas raises another large question in public mind. "Why is government permitting trade to continue with communist-controlled nations?"

He cites, for example, trade with Poland, under Kremlin control, increases. Imports from Poland in 1951 totalling \$10,300,000 rose to \$12,518,000 during the first ten months of 1953.

Apparently answering rumors trade with Iron Curtain nations is necessary to obtain certain vital materials, Senator Douglas also quotes figures.

Imports of Polish canned ham, National Federation of Independent Business

shoulders and bacon which in 1951 totalled \$3,956,000 amount to \$9,905,000 in first ten months of 1953. And increased importation of communist pork is in face of domestic farm surpluses.

Sen. Douglas states under the Acts of 1890 and 1930 White House has authority to embargo imports. While Polish trade is not large, it is vital to Soviet Polish economy.

Best evidence of this is fact Polish communist government now takes action to stop flow of relief packages to unfortunate Polish people.

But now the Polish government will collect a tax of \$125 on every new or used dress received from the U. S., \$15 on a pair of children's shoes, \$37.50 on a pair of men's shoes, and right down the line with confiscatory taxes.

On the other hand, Polish government announces no tax on relief packages ordered through its official P.K.O. Trading Incorporation, located at 25 Broad Street, New York. In other words, Poland, as all communist nations, hungers for dollars.

In 1952, even Russia gained \$16,742,000 dollars by exports to the U. S. Our exports totalled only \$20 thousand to Russia. And while many experts claim that the present Russian government will collapse of its own weight, that collapse is undoubtedly delayed by dollar bulwarking.

So again the people seem far ahead of politicians.

While the American public dearly loves a Roman circus for a while, eventually Americans want action.

And from indications at grass roots level the average citizen is now expecting government on communism issue to either "put up or shut up."

## MAIL JUST 10 YEARS LATE

Salem, Va. — Mrs. R. L. Gibson, recently received a card which was mailed 10 years before in the same city. An accompanying explanation from the post office said the card, mailed on Dec. 18, 1934, was stuck in a crevice of a machine which had been retired to the basement for some years.

Robert T. Stevens, Secretary of the Army, is far from being out of the political woods even if he does have good answers to all of the questions Senate investigators are going to ask him. Politicians take the position that Mr. Stevens' effectiveness has been impaired by his tangle with Senator McCarthy and that he will fade gracefully from the political scene once the controversy is ended.

Maj. Gen. John W. (Iron Mike) O'Daniel had to give up one of his stars, reverting to a lieutenant general, when he agreed to head the U. S. military mission to Indochina. The French, in charge, insisted that an American should not outrank the French commander on the scene, but should hold a lower rank.

Georgi Malenkov, Russia's dictator, is beginning to give more power to technical people in the Soviet Union in the hope that he can get some order out of the industrial mess in that country.

## POWDER BURNS

Joseph Pulitzer, who made his money out of newspapers and left part of it to encourage literature, once declared that accuracy is to a newspaper what virtue is to a woman. It was a girl reporter, however, who pointed out that the statement was inaccurate. "A newspaper," she said, "can print a retraction."

## COMMERCIAL EDUCATION

The third grade teacher carefully explained that a group of sheep is a flock and a group of quail is a bevy. Then she asked for the names of groups of other animals. When she came to camels, a child timidly suggested, "A cartoon."

The nature of things continually tends to the destruction of equality. —J. J. Rousseau

## DREAM RUINED BY THEFT

Washington, D. C. — Daniel V. Gult's dreams of retirement on his native Eastern shore of Maryland were recently shattered by thieves who had entered the home of Mr. and Mrs. Gult and stole a grey metal strongbox containing their life savings. Gult, a barber, said it contained \$4,000 in cash and \$4,300 in savings bonds — almost enough for his retirement. Gult is 71 and his wife 61.

## A GOOD PERFORMANCE

Dear Dad — We wish you could have come to the school concert. We did "Hamlet." A lot of parents came. Some of them had seen it before, but laughed just the same.

## A HARD MAN

Browne — You say Whimple is a man of mettle. Brave, eh?

Whimple — No, I said he was a man of metal—Iron gray hair, steel blue eyes, a copper complexion and lots of brass.

Buy, Build, Live in Canyon!

## JOWELL H. D. CLUB STUDIES LIVING ROOM BACKGROUNDS

The Jowell Home Demonstration Club met in the home of Dorothy Keeling on Wednesday, March 17, with 11 members and one visitor present.

Roll call was answered by colors each liked in her living room. Mattie Ruth Robinson gave the council report. After the business session, Miss Patterson gave a demonstration on backgrounds for the living room.

Refreshments were served at the tea hour to Delva Stutts, Erbie Powell, Mary Alice Bonds, Grace Raymond, Eula Bonds, Amanette Henders, Rosa Robinson, Edna Bauer, Ruby Bonds, Mattie Ruth Robinson, Miss Patterson, and the hostess.

The next meeting will be April 7 in the home of Edna Bauer.

## THE BOY FRIEND'S PLAIN

I wish I were a kangaroo, despite his funny stances;

I'd have a place to put the junk my girl friend brings to dances.

## Read Carefully All Rights Given in Power of Attorney

Prior to World War II many thousands of people had never heard of a power of attorney. Some thought reference was made to an attorney or lawyer and did not know it was a written document.

But, with enlistments and the draft into military service of hundreds of thousands of young people, practically all who were heads of families were suddenly faced with the necessity of business being transacted during their absence: the selling, leasing or mortgaging of houses, farms, automobiles, household goods, refrigerators—in fact nearly all kinds of property.

A document called a "power of attorney" solved many dire domestic and small business problems during the war. A power of attorney is a paper, a legal document, as is a deed, mortgage, note, etc. To be eligible for record, the document must be acknowledged before a notary public, or other like officer, or before a military officer authorized to administer oaths.

A power of attorney may be general or special. If the former, then the party named therein as agent or "attorney in fact" for the party signing the document is granted authority to "do all things that I could do if present in person." In a special power of attorney another person is given the right to convey, mortgage, or sell a certain described tract of land, a certain car, only household goods, only to endorse and cash checks, or some other certain limited authority.

Obviously, whether the power of attorney is general or special, the signer of the document must have unlimited faith in the agent named therein. That agent, as respects the power conferred on him or her, can act as completely as if the principal were present in person.

The use of a power of attorney as a convenient document is not limited to war times. Any person may occasionally have extended absences, or perhaps foreign trips

may be necessary. The family may contemplate a lengthy vacation, or a person may be hospitalized by extended illness requiring entire freedom from business responsibilities. In any of these events powers of attorney may be resorted to so that absence or illness will not retard the transaction of important business.

Every act which one can delegate to another, may be authorized and legalized by a power of attorney designating the agent and the powers given. One's relatives, his attorney or banker, or a close business associate, may be given the most confidential and trustworthy authority. Any competent adult, male or female, may execute a power of attorney.

It is obvious that a document granting so much authority should be prepared with the greatest of care. A business man or attorney examining the document might at too late a date find that the agent was not given the authority needed to carry into effect the will and purpose of the absent or ill principal. Hence it should be drawn up only by an attorney, whose training and experience qualify and enable him to prepare a legal instrument which will make fully effective the wishes and intent of the principal.

### Bible Verse to Study

"Covet earnestly the best gifts."

1. Who was the author of this verse?
2. To whom was he writing?
3. Just what does it mean for us today?
4. Where may it be found?

### BIBLE VERSE ANSWERS:

1. Paul the Apostle.
2. The church at Corinth.
3. Each of us should strive to our utmost to develop our lives along high ideals and motives.
4. I Corinthians 12:31.

We never deceive for a good purpose. Knavery always adds malice to falsehood. —Jean de la Bruyere.

President Eisenhower signed without comment a bill to raise pensions for members of Congress and their employees.

## OUR DEMOCRACY—by Mat

### PUTTING THE HOUSE IN ORDER

IN TOWN HOMES AND ON THE FARM, THIS IS ABOUT THE TIME OF THE "LAST CALL" FOR GETTING THOSE INSIDE JOBS DONE BEFORE FIELD AND GARDEN BECKON—BEFORE THINGS THAT GROW AND CAN'T BE PUT OFF TAKE OVER.

IN A BROADER SENSE, PUTTING ONE'S HOUSE IN ORDER TO TACKLE THE JOB AHEAD DEPENDS ON THE SENSE OF FINANCIAL SECURITY BUILT BY THRIFT.

THAT WAY, MORE FIELDS CAN BE TILLED, MORE VENTURING DONE.

## Politicians Warm Up; Shooting in Washington Has Commie Smell

WASHINGTON: Adlai Stevenson kicked off a Democratic political campaign which is sure to bring fireworks and bitter oratory before the November elections in his Miami speech. What he is trying to do is place the responsibility for Senator McCarthy's actions on the President, who is traditionally the leader of the party in power.

Stevenson said the Democrats were out to prove that Eisenhower was responsible for what was happening in both wings of the Republican party. He said Republicans wanted Ike to be classed with the "angels" and McCarthy in another category, but that he and the Democrats would "make it clear" that Ike was responsible for his party and its actions.

The Stevenson utterance was the opening gun in the Democratic effort to saddle Ike with the responsibility for McCarthyism, as an issue. There was every indication, however, that not all Democrats were in accord with the new policy. Many Southerners still have a personal liking for the ex-General and feel that he is in no way sympathetic with McCarthy and his tactics.

The Democratic high command, however, must have an issue and many Democrats lay much of the blame for the present situation on the President. They point out that he helped McCarthy in his last election campaign, and that he has consistently refused to open up with both barrels on the Senator—despite the fact that McCarthy challenges him openly and gets away with it.

The lines are thus drawn, but the Democrats are not unanimous in their enthusiasm for their battle cry—just as Republicans are nowhere near unity in their appraisal of McCarthy's tactics. The one factor which emerges from the developing campaign above all else is that McCarthyism is now to be the big issue.

The Democrats are now ready to campaign on that platform and it certainly seems to suit the Wisconsin Senator. A fight is something he seldom ducks. The President, of course, is not happy about the latest development.

There are growing indications that Moscow was behind the Puerto Rican shooting incident in Washington. It has long been known that Moscow is interested in stirring up trouble for the U. S. in the U. S. backyard, and when the wild shooting scene took place in the House chamber recently, it smelled of a Communist-staged propaganda show.

For one thing, the shooting was timed to coincide with the opening of the Inter-American Conference in Venezuela. In that conference Communist-led Guatemala was attempting to convince the world that the U. S. was trying to exploit the peoples of South and Central America—and this is just what the so-called Nationalist Puerto Ricans told reporters in Washington just after they had shot down five Congressmen.

Another strange development was the failure of Puerto Rican police to find the leader of the Communist party in San Juan, when they arrested most of the ten leaders of the Communist-inspired movement. Juan Santos Rivera, president of the Communist

party, evaded arrest when police cracked down on March 8th.

He is thought to be Moscow-trained and perhaps he was too valuable for the plotters to lose. At any rate, he was still at large as this is written, even though most of the top ten leaders of the party were in Puerto Rican jails. The use of women in the shooting incident is also a now-famous Communist procedure. Arrest and prosecution, and especially execution of women, gives propagandists an appealing line to sell to ignorant workers.

The Reds probably expected some Congressmen to be killed but in this they were disappointed. And the woman who took part in the shooting will not be executed, after all. So, in this way at least, the shooting was a failure.

The best answer the United States can give Russia, on this score, is to redouble its efforts to stir unrest in Russian-dominated countries. The effort is already under way, and is causing the Reds serious trouble in at least two East European countries. It is thought to be behind Malenkov's recent steps to give the people more food, more consumer goods and thus more contentment.

### Umbarger News

Shirley Albracht was feted to a party honoring her entrance into the "teens." Guests present at the Albracht home were Mary and Elsie Buecker, Sylvia Raef, Dorothy Skarke, Joyce Friemel, Velma Jo Franks, Margaret Westhoff, Deanna Stocker, Elaine Batenhorst, Evelyn Iribeck, Charlene Friemel.

Mrs. John L. Walterschied and family of Carlsbad, N. M., were week-end guests in the home of Mr. and Mrs. Albert Fischbacher. Also visiting the Fischbachers were Mr. and Mrs. Peter Fischbacher of Amarillo.

Visiting in Hereford Sunday, Mr. and Mrs. Ed Wieck and family spent the day with Mr. and Mrs. Elmer Reinart.

Mr. and Mrs. Reinart of Hereford spent Sunday in the home of their daughter, Mrs. Leonard Batenhorst.

From Dawn, Mr. and Mrs. Bill Brown and family visited Mr. and Mrs. Dennis Brandt. Also visiting the Brandts were Mr. and Mrs. Isidore Reinart.

Jo and Peg Alford were hostesses to a small group for dinner Sunday. Those present were Mary Fischbacher, Anna Buecker, Marcella Przilas, and Mary Janssen.

The bowling alleys in the basement of St. Mary's Hall were officially opened Sunday afternoon at 2:30. An afternoon of bowling was enjoyed by a large group of people. Also, roller skating in the main body of the building was enjoyed by a group of young people.

Those exchanging visits were Phyllis Friemel with Bernice Przilas and Linda Wieck with Gracie Artho.

## ANNUAL STATEMENT OF PERPETUAL CARE FUND

For Year Ending Dec. 31, 1953

OF MEMORY GARDENS OF AMARILLO, INC.  
Address 2405 West Eighth Avenue, Amarillo, Texas

1. Name of Trust Company or Bank with trust powers holding Perpetual Care Fund, or, if no Trust Company or Bank, names of Trustees holding Perpetual Care Fund.  
First National Bank of Amarillo
2. Filing Fee (Fee must accompany this report.)  
For cemetery serving city with population of 25,000 or less—\$10.00  
For cemetery serving city with population of 25,000 or more—\$25.00
3. (a) Detailed sworn statement of Perpetual Care Funds held in Bank or Trust Company or Trustees is attached to and made a part hereof, total of which is: Principal amount \$1,560.00  
(b) Total amount of Perpetual Care Fund not yet collected on term sale contracts but allocated for Perpetual Care, now in process of collection and to be paid to Trustee as collected according to trust agreement \$3,512.85  
Does trust agreement provide for 10% of sale price or minimum per square foot grave space, crypt or niche as provided by law? Percentage 10% Minimum.  
Does trust agreement provide for:  
Perpetual Care Reserve to be collected from percent of installment collections, Yes or last money collected on each contract? Yes  
Has all money collected on term contracts and allocated to Perpetual Care Trust Fund been paid to Trustee? (Yes)

(c) Total Principal of Perpetual Care Funds (Add "a" and "b") \$5,072.85

4. (a) \*Number sq. ft. grave space disposed of under Perpetual Care prior to 3/15/34 None  
\*\*Subsequent to 3/15/34 to date fund reached \$100,000.00 at 20c per sq. ft. None None  
\*\*Subsequent to date fund reached \$100,000.00 to 9/3/45 at 10c per sq. ft. None  
\*\*Subsequent to 9/3/45 to date of this report at 20c per sq. ft. None  
Subsequent to 3/15/34 to 9/3/45 and to date of this report at 20c per sq. ft. 13,923 \$2,784.60  
(\*Explain basis of Perpetual Care contracts sold prior to 3/15/34)  
Cemetery was commenced on or about October 1, 1952.  
(\*\*If Perpetual Care Fund did not reach \$100,000.00 prior to 9/3/45 items marked with two asterisks (\*\*) do not apply.)

Annual Statement Perpetual Care

- (b) Number of crypts disposed of under Perpetual Care
- | Number                                       | Minimum Requirements for Perpetual Care | Required Total |
|--|---|----------------|
| Prior to 3/15/34                             | None                                    | \$15.00 each   |
| Subsequent to 3/15/34 to date of this report | None                                    | \$15.00 each   |
|  | TOTAL                                   | \$             |

- (c) Number of niches disposed of under Perpetual Care
- | Number                                       | Minimum Requirements for Perpetual Care | Required Total |
|--|---|----------------|
| Prior to 3/15/34                             | None                                    | \$5.00 each    |
| Subsequent to 3/15/34 to date of this report | None                                    | \$5.00 each    |
|  | TOTAL                                   | \$             |

- (d) Total Requirement for all sales made under perpetual Care Amount Placed in Perpetual Care Fund is Excessive of amount required by Law (Excess) \$187.73  
5. Number of sq. ft. of grave space, crypts, niches, sold subsequent to March 15, 1934 for which the minimum requirements for Perpetual Care have not been provided as required by this Act None None  
6. Have the requirements of Section 16 of the Cemetery Code pertaining to sign, and statement on certificate of ownership and contract been complied with? Yes

Memory Gardens of Amarillo, Inc.  
By T. W. Moody PresidentTHE STATE OF TEXAS

## FRUITLESS EFFORT

Teacher: "Jimmy, are you eating candy or chewing gum?"  
Jim: "Neither, I'm soaking a prune to eat at recess."

In solitude  
What happiness who can enjoy alone?  
Or all enjoying what contentment find.—Milton.

## TODAY'S TELEPHONE TIP

by Emily Post

A correspondent says: "The other day, I was working in the garden. Three times within an hour, my telephone rang and, each time, the person calling hung up before I could get to the phone. Will you please remind your readers how annoying this is?"

I'll be very glad to. One of the fundamental courtesies, yet one of the most neglected, is giving the person you call ample time to answer the telephone. It so happens, that person is busy and cannot reach the telephone immediately. Always wait at least a full minute before you hang up.

Emily Post

An advertisement of Southwestern Bell Telephone Company

## Candlelight Ceremony Is Read for Seal-Green Wedding Rites Recently

In a double ring ceremony held recently at the First Nazarene Church of Amarillo Marilyn Jeannene Seal, daughter of Mr. and Mrs. B. M. Seal of Amarillo, became the bride of Doyle L. Green, son of Mr. and Mrs. Harry Green of Canyon.

Rev. L. A. Ogden, pastor, read the service. Mrs. Glenn Wilkins, organist, played a nuptial prelude and traditional wedding march. Miss Glenda Wilkins sang "Because" and "The Lord's Prayer."

For the candlelight service the altar was centered with a basket of gladioli and orange blossoms.

As maid-of-honor, Miss Karen Easley of Plainview wore an azure dress of taffeta and net. She carried a bouquet of pink sweet peas. Miss Wanjette Green, sister of the groom, was bridesmaid. She wore a dress of pink taffeta and net and carried a bouquet of pink sweet peas.

Hubert Green, brother of the groom, was best man. Dale Ogden of Amarillo was the usher.

Jeanette Haddock and Glen D. Wiegman were candlelighters.

Given in marriage by her father, the bride was attired in a floor length gown of white satin and

imported lace. She carried a bouquet of white carnations and baby roses tied with seed pearls surmounted on a white Bible. She wore the traditional something old, new, borrowed, and blue.

Mrs. Green, mother of the bridegroom, wore a teal blue crepe dress with white accessories. Her corsage was pink carnations. Mrs. Seal, mother of the bride, wore a black taffeta dress with black accessories and a pink carnation corsage.

Miss Wanda Green of Amarillo registered the guests.

Following the ceremony, the bridal party was feted with a reception at the home of the bride's parents, 1005 North Woodland. Laid with a white crocheted cloth, the serving table was centered with a tiered wedding cake. Assisting in the serving were Mrs. J. O. Thompson of Borger and Mrs. Raymond Rodgers of Amarillo.

Mrs. Green, attending Amarillo High School, is a senior.

Mr. Green, a graduate of Canyon High School, attended West Texas State. He is presently employed by Cole & Moore of Canyon.

The couple is at home at 3817 South Hayden in Amarillo.

Out-of-town guests attending the wedding included Mr. and Mrs. V. A. Thompson of Borger, Mr. and Mrs. Taylor Green, Mr. and Mrs. John Bengier, Mr. and Mrs. Johnie Bengier, Mr. and Mrs. Guy Latta, Mr. and Mrs. George Green, all of Friona. Mrs. Arlie Green, Buddy Knox, Lester Rutherford, Pete Donnell, and Shirley Erwin, all of Canyon.

NAOMI HARE CIRCLE MEETS  
TUESDAY WITH MRS. MURRAY

The Naomi Hare Circle of the Women's Society of Christian Service met Tuesday, March 16, at 3 o'clock with Mrs. C. A. Murray. Mrs. Bennie Woods led the program with a meditation entitled "The Seed — His Word." The song, "Bringing in the Sheaves," was sung.

Mrs. George Hill presented a quiz program on famous women Christian leaders and missionaries. Miss M. Moss Richardson told about "The Little Professor" of Piney Woods School, Mississippi.

Sentence prayers were offered on the success of the revival meeting. Refreshments were served to 15 members and two visitors. Visitors were Mrs. Oliver Grabbe and Rev. L. L. Hill. Refreshments were served from the dining room table centered with yellow chrysanthemums by the hostess, Mrs. Murray, and co-hostess, Mrs. Hudson.

A schoolboy declamation back in grandpa's day was this speech by the Irish orator, Charles Phillips, on "Napoleon!"

He is fallen! We may now pause before that splendid prodigy which towered among us like an ancient ruin, whose frown terrified the glance its magnificence attracted.

Grand, gloomy and peculiar, he sat upon the throne, a sceptered hermit, wrapped in the solitude of his own originality.

With no friend but his sword and no fortune but his talents, he rushed into the lists where rank and wealth and genius had arrayed themselves, and competition fled from him as from the glance of destiny.

He knew no motive but interest; he acknowledged no criterion but success; he worshipped no god but ambition; and, with an eastern devotion, he knelt at the shrine of his idolatry.

A professed Catholic, he imprisoned the pope; a pretended patriot, he impoverished the country; and, in the name of Brutus, he grasped without remorse and wore without shame the diadem of the Caesars.

Through the pantomime of his policy, fortune played the clown to his caprices. At his touch, crowns crumbled, beggars reigned, systems vanished, the wildest theories took the color of his whim, and all that was venerable and all that was novel changed places with the rapidity of a drama.

Nature had no obstacles that he did not surmount; space no opposition that he did not spurn; and whether amid Alpine rocks, Arabian sands or polar snows, he seemed proof against peril and empowered with ubiquity. The whole continent of Europe trembled at beholding the audacity of his designs and the miracle of their execution. Skepticism bowed to the prodigies of his performance; romance assumed the air of history; nor was there aught too incredible for belief or too fanciful for expectation, when the world saw a subaltern of Corsica waving his imperial flag over her most ancient capitals.

All the visions of antiquity became commonplace in his contemplation; kings were his people; nations were his outposts, and he disposed of courts and crowns and camps and churches and cabinets as if they were the titular dignitaries of the chessboard.

He was, through all his vicissitudes, the same stern, impatient, inflexible individual—the same mysterious, incomprehensible self—the man without a model and without a shadow. His fall, like his life, baffled all speculation. In short, his whole career was like a dream to the world.

DEN 5 CUB SCOUTS MEETS WITH  
MRS. JOHN ROBINSON MARCH 16

Den 5 Cub Scouts held its regular meeting Tuesday, March 16, in the home of Mrs. John Robinson. The meeting was opened with the Cubs giving the pledge. The boys worked on their project until the meeting was closed by the den yell.

Refreshments were furnished by Mrs. John Sims. Cup cakes and a drink were enjoyed by Cubs Dick Campsey, Preston Prichard, Jerry Sims, Tommy Zachry, Joe Carroll Robinson, and Jimmy McAnarney.

## BRIDE, 65, 'TOO YOUNG'

Indianapolis, Ind. — When his bride, Mrs. Rozella Featherstone, 65, left him the day after they were married, the husband, Charles Featherstone, 91, mourned, "I guess she was too young for me."

Save top soil and you save all.

— TUNE IN THURS., MARCH 25—ACADEMY AWARDS PRESENTATION ON NBC TV AND RADIO —

# McCarthy Tide Low, Unemployment High, Ike and Recession Peak Past

WASHINGTON: For the first time in a year most Washington observers feel that the combined opposition forces have Senator McCarthy on the defensive. These observers include some of McCarthy's former boosters, who believe the Senator took on too many opponents and issues at one time. The tide seemed to turn against McCarthy shortly after he launched his attack against the Army. The latest incident in that fight was the direct charge by Secretary of the Army Robert Stevens that McCarthy and his committee had repeatedly tried to get a commission for a former committee staffer, G. David Schine.

Stevens said an attempt was made in all three services, the Army, Navy and Air Force and Schine was refused a commission on the ground that he did not have the necessary qualifications. Stevens in a wire to McCarthy charged: "You know full well that after commissions were refused by all three services on grounds of lack of qualifications your representatives continuously urged time off; special treatment and even you at times asked special assignment in New York City, thus avoiding any possibility of overseas service for Private Schine."

McCarthy fought back with a charge of blackmail against Stevens. He and his assistant, R. M. Cohn, held an interview with press and radio to refute the charge but his own fellow Republican Senators joined in the rebuke of Cohn nevertheless. Senator Potter of Michigan announced Cohn should be fired if he carried on the campaign for special treatment for Schine the Army charged.

Venerable old Senator Flanders took the floor and attacked McCarthy and his tactics. He said the Wisconsin Senator was splitting the party. President Eisenhower joined in with a plain denunciation of McCarthy when he told reporters, asking about Flanders' speech, that he supported Flanders' assertion that those seeking personal aggrandizement were a "great danger" to party unity.

Then Vice President Richard Nixon joined in the attack, lambasting "reckless" investigators. It was too much fire even for McCarthy to answer effectively. Suddenly he had been hit with a heavier barrage, from sources in his own party, than ever before in the past. He fought back but the tide seemed to be turning against him. The question is whether he can arrest the trend now that it has seemingly turned against him in his own party.

The February unemployment totals of the Commerce Department released ten days late, were close to alarming news among Administration officials. Some of them had said—some time ago—that when unemployment reached 3,500,000 it would be time to do something about it.

February figures pushed the total to something over 3,600,000. And the old sampling system—which was discarded in February—would now show unemployment over 4,000,000. That isn't the high since World War II. In 1950 the unemployment total hit 4,000,000 and passed that mark.

The latest tabulation, though, does show clearly that if the trend continues any longer the Republican Administration may have for itself a record it would rather forget—record postwar unemployment. The department's March figures will be out soon, early in April.

If these figures tell the same tale February totals told, the Eisenhower Administration may not wait until May to go into anti-recession action. New tax cuts may be proposed, public works projects recommended on a broad scale and other pump-priming plans introduced. The Administration is—at the moment—in a period of hesitation before the plunge.

Some business indicators show a pickup already starting in many fields. But whether the natural

pickup will come fast enough to offset the effects of rising unemployment is a close question. And since elections are coming off later this year, in November, that question is also a hot political one.

Look for government anti-depression pump-priming in April if the unemployment total doesn't level off. There's a good chance that it will, since March and April normally bring rising employment in many fields. If the total continues to increase especially through April, the Administration will have to get cracking to head off serious economic and political consequences.

## Immunization Is Best Weapon For Certain Diseases

AUSTIN: "Immunization is superior to all other means of communicable disease control because immunity becomes part of oneself and is always there as a defense against certain diseases."

This is the statement of Dr. Geo. W. Cox, State Health Officer, who adds: "Immunization is the best and most effective means of protection against diphtheria, tetanus, smallpox, whooping cough and typhoid fever." According to Dr. Cox the ages that are best for immunization of children are: for diphtheria and tetanus, 9 to 12 months; Schick test, 6 months later, re-immunize if immunity has not established; smallpox, 6 to 12 months.

Tetanus or lockjaw is not common; however, when it does occur it is usually fatal. The tetanus germ gets into cuts, scratches, abrasions and particularly deep wounds, so that it has always been an important problem of public health as well as military medicine.

Other ways to fight disease are through good sanitation measures. The provision of safe water supplies, the pasteurization of milk, the supervision of food and other precautions have in many communities reduced typhoid fever to a minimum. Isolation and quarantine have their place and are extremely valuable, but none of them has the quality of immunity, of being a part of oneself, and consequently always available.

Deceit is the game of small minds, and is thus the proper pursuit of woman. —Pierre Corneille.

## There Are Strings Attached

## NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS  
OF THE 18th CONGRESSIONAL DISTRICT

### The Tax Fight in the House

The tax revision and/or tax reduction law, was considered on March 17 and 18, as I told you it would be in last week's letter.

This bill contained 820 pages (in small print). The committee report on it contained 468 pages. The bill and the report were printed on March 9th. This was the first opportunity that Members of Congress had to read and study this complex and involved piece of legislation that was to be debated and voted on in less than ten days after it was printed.

If you want to appreciate the dilemma with which House Members were faced, try reading and understanding a 1200 page book in ten days, and doing all of your other work during that period. It is no small chore. And it must be remembered that these tax laws will be the subject of litigation for years and years. There will be thousands of words spoken and volumes of testimony and conclusions on single sections of this law.

The actual fight on the measure finally resolved itself to the question of whether or not individual exemptions would be increased

from \$600 to \$700. The bill could not be amended by the House of Representatives because it was being considered by the House under a closed rule.

This parliamentary straightjacket was put on the House of Representatives by the Rules Committee when the bill was authorized for consideration. The only way the income exemptions could be increased was for the House membership to send the bill back to the Committee on Ways and Means with instructions to increase the individual exemptions.

I had hoped that this would be done in that manner. However, the bill as written gives the \$100 deduction, and more, to those receiving their income from stock dividends, but does not give this relief to those earning their income.

I have supported tax relief, when possible, to be given the people, share and share alike. I do not feel that favoritism should be shown any particular group in granting tax relief.

The tax bill contained many excellent provisions and many much needed revisions. It also contained a number of provisions that I think

will prove very harmful, some of which have been with us in the past and were continued in this bill. It is now in the Senate, and what will happen to it there is anybody's guess.

The Senate has put a new face on the excise tax reduction bill that may prove highly controversial when it comes back to the House. Whatever happens to either or both of these bills, I sincerely hope that out of all the fuss and furor will come a stimulation of our economy, an increased circulation of our medium of exchange that will result in our being able to balance the national budget and make appreciable payments on the principal of the national debt. If such results are not early indicated, the Congress and the Executive Department should lose no time in taking a new look to carry out this purpose.

### Washington Investigations

The tragedy of the chaos, the confusion, the agitation, and the general hubbub growing out of the present investigations lies not in the fact that one individual may be proved right or wrong. It lies in the fact that we in this country are engaging in an internal bickering and strife that is not helping us to achieve the goal to which all true Americans are dedicated.

Internal bickering and strife, like wars between nations, do not solve the problems. It creates them. Political, economic and other problems are usually solved by a cool, calculated and reasonable approach tempered with thought provoking discussion or debate, not with fanfare, trumpet blowing, name calling and vilification.

### GOVERNMENT WORKERS

State and local governments have added civilian workers to their payrolls during recent years, more than offsetting the drop in the number of Federal jobholders in the same period, according to data compiled by the U. S. Bureau of the Census. While Federal civilian employment declined last year above 200,000, state and local employment rose by a comparable number and held the total public civilian pay roll at a record level above 7,000,000 jobs. Education represents the biggest source of public civilian employment, with the Federal defense establishment ranking second.

### COMMUNISM

The Communist Party in the United States, along with smaller groups elsewhere, has been instructed by Moscow to engage, wherever possible, in the formation of a broad, united front, bringing together, under the name of the "Popular Coalition Movement" workers, farmers and businessmen.

## IMPERIAL CHEVROLET CO.

## Wayside News

Last Sunday was Rev. Merle Weathers regular day. A fair crowd was out.

A good program was rendered at the school house Friday evening by the children. The high school students had charge of the program.

Mrs. Leroy Roberts attended club council at Claude last Monday.

Mrs. Henry Hamblen visited with her mother, Mrs. L. M. Harris, in Amarillo last Monday.

Mr. and Mrs. J. R. Stockett were Amarillo callers last Thursday.

Earl Gillham, son of Mr. and Mrs. George Gillham of near Claude, fell from a tractor and the lower part of his body was run over, breaking his pelvis bone. He was still hospitalized at last report.

Mr. and Mrs. Archie Love and Jo Dean of near Hereford visited last Thursday in the parental Joe Rogers home.

Mrs. Bessie Lane is visiting in the home of her daughter and family, the George Hancocks, in Pampa.

Mrs. Chas. Kennedy, Robert and Richard, were Canyon callers Saturday.

Mrs. Wiatt Heisler is visiting her sister and husband, Mr. and

Mrs. Chas. Meyers, in Tulsa, Okla.

The Home Demonstration club met three consecutive days, Wednesday, Thursday, and Friday, for special meetings at the church. Subject was clothing workshop. Leader was the agent, Mrs. Jo Ann Bannister. Next meeting will be with Mrs. I. F. SoRelle in Canyon. It will be an all-day affair. Subject will be "How's of a Good Roast," and will be demonstrated and served at noon by the agent.

Mrs. Robert Gusa and baby son are visiting in the parental E. J. Mahler home. They live in Amarillo.

Mr. and Mrs. W. R. Franklin have word from his niece and husband, Mr. and Mrs. Leroy Renegar of Pratt, Kansas, announcing the arrival of a daughter, born February 23. They named her Joyce Dorothy. Mrs. Renegar is the former Lena Ruth Kerlin and has visited here many times.

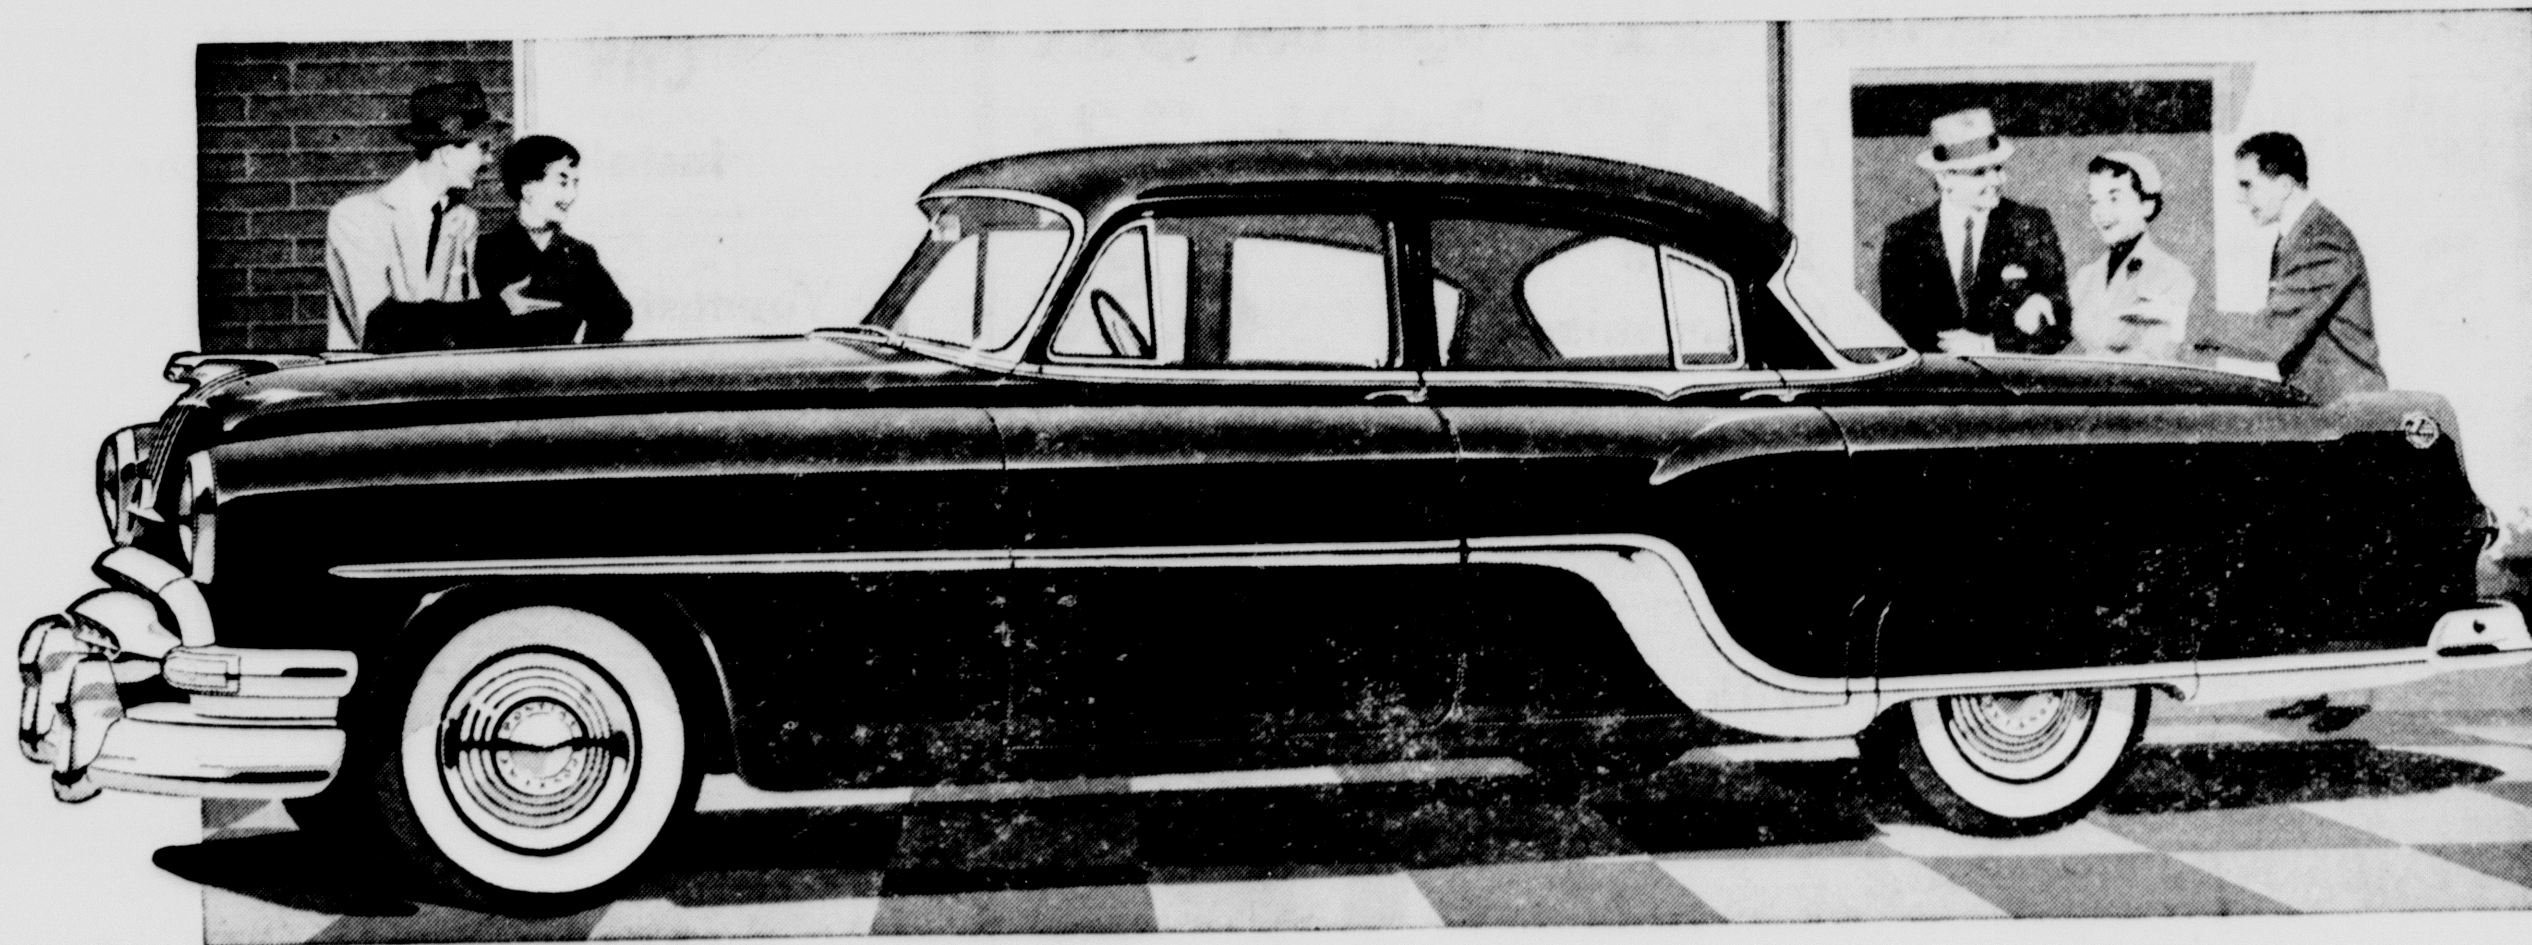

### JOBLESS

National unemployment continued its rise during February, reaching 2,671,000, according to the latest Government count. The Census Bureau reported that unemployment rose in February by 584,000.

Quit robbing the soil.

Stop soil erosion—stop erosion.

# Only the Price Tag Tells You Pontiac is a Low Priced Car!
